
DORSET POLICE

In Dorset, we love traders we can check and trust.

Having work done at your house?

Check them out first.

There are some rogue traders in Dorset trying to scam people. Together we can stop them.

Rogue traders might offer quick work for roofing, insulation, landscaping or drains and gutters. They might be pushy, just turn up at your door, or make you feel confused.

Good traders will treat you fairly and have references you and a friend can check and trust.

- **Always ask for references and take your time**
- **Compare three written quotes and never pay cash**
- **Ask someone you trust to double-check the trader**
- **Report any suspicious behaviour**
- **Look out for vulnerable neighbours**
