LITTER & FLY TIPPING

We had a very successful litter pick earlier this month with 20 bags of rubbish being collected. Thanks to everyone who joined in.

Once again we found sacks of dog food cans dumped at the south end of the village. This is becoming almost a weekly occurrence and one that is dangerous for dogs and wild animals if they investigate the food smells and cut themselves on the sharp tin lids included in the bags, which are left open.

We are investigating electronic surveillance to try and stop this menace, but in the meantime please be vigilant and if you see anyone you think may be dumping cans in the layby or along the main road make a note of the time and place, take a photo if you can, and report the matter to any parish councillor as we are desperate to take this further.

The local authorities are keen to crack down and fly tippers can now have their vehicles impounded and crushed, so keep 'em peeled!
