

More information about the Voluntary Community Sector Grants Review

Organisations:

- Dorset Council

Background

Prior to the creation of Dorset Council, all six of the predecessor councils in the Dorset Council area prioritised and supported the Voluntary Community Sector (VCS). Each district, borough and the county council allocated to their funds their local VCS using criteria in order to meet their corporate priorities. All predecessor councils set out to support building capacity in communities, and to support individuals to reduce demand on public services and the requirement of high cost interventions in Dorset.

In the financial year 2019/20 a combined total of £1.9 million was invested in the VCS. Of this, £216,000 was capital funds and £1.8 million was revenue funds.

Below is the financial commitment (currently owned) in grants across the former councils:

Former council area	Total amount invested
Dorset County Council	£915,464
North Dorset District Council	£71,343
Weymouth and Portland Borough Council	£95,220
East Dorset District Council	£240,925
West Dorset District Council	£600,567
Purbeck District Council	£84,527
Total invested	£1,932,369

The purpose of the review is to reconsider the amount of direct financial contributions offered to VCS organisations by the council which will include the provision for information, advice and guidance - currently provided by Citizen's Advice, as well as ensuring Dorset Council is funding organisations which meets the council's priorities and supports those more disadvantaged communities.

See the [Dorset Council Plan 2020 to 2024](#).

The council will consult stakeholders on the amalgamation of a range of existing funds into three categories:

- **Earmarked funds** for:
 - Information, advice and guidance
 - Support of arts sector
 - Voluntary sector support
 - Four museums and two community buildings we have a direct reversion interest for
- **Revenue grant scheme** for local voluntary and community groups to apply to
- **Capital grant scheme** for voluntary and community sector organisations to bid into for capital projects and for match funding for attracting external funding

The council will also consult on the grant allocation criteria used to allocate the grants pots across all its themes.

Consultation

This consultation survey is directed at all those who either work for or who benefit from any of Dorset's valued voluntary community sector organisations. These are defined as organisations whose sole purpose is to enrich and benefit Dorset residents lives and which create 'social wealth' and who operate without support from central Government and which all profits are put back into the community.

We invite and encourage engagement from all those people who are involved in or who benefit from the services and events provided by our voluntary community sector (VCS). The VCS is made up of the following types of organisations - charities, foundations, community groups, sports organisations, faith groups, housing associations, social enterprises, grant making trusts and resident groups.

There are several events happening throughout the Dorset Council area throughout the consultation period which Dorset Council Officers are on the agendas to give information about the consultation. However the online survey is fully explanatory so it is not compulsory to attend an event to submit a
