Churchyard Clearing: The planned churchyard day was cancelled because it was pouring with rain, but thank you if you had planned to turn out! Please feel free at any time to pull a few weeds or trim grass that can't be done with the big mower! The churchyard looks very good at the moment, with all David's blue geraniums making a great show.

Congratulations to Stephen Small (Radley Terrace) who has just completed the CardioPass Challenge as part of Axon's (the company he works for) 50th Anniversary - an 800km bike ride, 8-13 June, from Quimper to Montmirail-en-Brie. The purpose was to support the CardioPass association. THURSDAY KNITTERS GROUP APPEAL

We have sent 8 crochet and knitted blankets, plus jumpers and knitted hats, to Nepal via the National Police Aid Convoys (NPAC) which Carolyn Todd has been involved with for a number of years.

We are still crocheting and knitting for emergency relief. If you have any left over wool from garments you have created to donate (preferably double knit, but finer wools can be used) please let members of the group or me have it. We will then be able to make more blankets! Thank you for your help.

Glenys Herbert

Photo below shows Carolyn Todd handing over blankets for Nepal, knitted in Halam!

Thank you to everyone who helped me with my fundraising for my trip to Tanzania through various little jobs. I will fly to Tanzania on 13th July, and then onwards, hopefully to make it up the summit of Kilimanjaro. Thank you again,

Elizabeth Fraser

PARISH COUNCIL MEETING NOTES

Thursday 11th June at 7.30pm in the village hall.

Present: Andrew Paris (in the Chair), Chris Bevans, Sarah Godfrey, Glenys Herbert, Janet Simmonds

Apologies: Simon Bust

Welcome: Carolyn Todd was welcomed as a new parish councillor.

Matters Arising:

Andrew Paris reported that the parish council details had now been sent to be uploaded to the N&S District Council website and that the Clerk could now send through all meeting minutes and agendas to comply with the recent Transparency Code.

Village Hall: A further village hall committee meeting is to be arranged. Air fresheners have been installed in both the toilets for a trial period.

Roads and Hedges: County Cllr Roger Jackson reported that the work on The Turnpike drains is scheduled for later in the year, and that Severn Trent Water and Highways are still working on the water problem at the top of Radley Road.

There are still many hedges in the village that need cutting back from pavements and footpaths. The Clerk was instructed to talk to specific householders/land owners to request them to cut back their hedges. If these requests are not actioned, County Council Highways will have to be involved,

Halam Parish Council Facebook page: Chris Bevans has now set up a Halam Village community group on Facebook. Villagers are invited to join the group where they can post village news, details of events, family milestones and anything else of interest to the residents of Halam.

Allotments: there are a couple of allotments currently available. Anyone interested in having extra space for growing flowers, fruit or vegetables should contact the Clerk: Tel. 813181.

Open Meeting: matters discussed:

1) Field opposite St. Helen's Croft/Littledale – a caravan, lorry and container are now in this field. Cllr Bruce Laughton will ask planning enforcement to look into this.

3) Fiskerton tip – Cllr Bruce Laughton reported that he is campaigning to get this re-opened.

4) Burglaries in Kirkilington – please be aware of any suspicious activity in the village and call 999 if you suspect a crime is taking place. Police number 101 should be used to report general incidents or unusual activity.

Halam's Sky at Night in July

On 1st July there will be a spectacular conjunction of Venus and Jupiter visible in the evening sky. These two planets, shining brightly in the west, have been moving closer together throughout June and will be extremely close on the 1st, appearing only 0.3 degrees apart. Look for this impressive union in the western sky just after sunset.

On July 2 there will be a full moon. Early Native American tribes called the July moon the 'Full Buck Moon' because deer begin to grow new antlers at this time. It is also known as the 'Full Thunder Moon' as the warmth of July can create storms. In England it is commonly known as the 'Full Hay Moon' because it's around this time that farmers harvest, bale and stow hay for the winter.

Over recent months, an entirely voluntary 'litter patrol' has done much to eradicate litter along the roads, footpaths and hedgerows of Halam, but it's an ongoing job. Everyone can help just by picking up any litter that they find in the immediate vicinity of their front gates. Every little helps!

PARISH COUNCIL MEETING NOTES

9 July 2015 at 7.30pm in the Village Hall

Present: Simon Bust, Andrew Paris, Chris Bevans, Sarah Godfrey, Glenys Herbert, Janet Simmonds, Carolyn Todd.

Village Hall: An enquiry for a regular booking from a dance school in Southwell has been received. This would be for Thursdays starting in January. This would mean moving Parish Council meetings to a different night; Wednesday has been suggested: To be confirmed.

Grants may be available for window/glazing replacement – Andrew Paris to investigate further.

Roads and Hedges: Parking by St Michael's Close – residents are regularly parking on Radley Road close to the junction with St Michael's Close. This is making it difficult and dangerous for drivers coming out of the close. Residents are reminded that parking within 32 feet of any junction is not only inconsiderate it is also a traffic offence.

Water on the road at the top of Radley Road: we are waiting for Severn Trent to complete works.

Surface of Halam Hill: this is now very bad, particularly for cyclists – County Cllr Jackson to investigate further.

Drain gulleys throughout the village have been cleared by County Council Highways.

Cllr Jackson has donated £300 for a road sign for 'The Turnpike' – a suitable location now needs to be decided on. The Parish Council would welcome suggestions as to the best site for this sign.

Halam Facebook page: 'Halam Village Community' now has 60 members. Villagers are invited to join the group, where they can post village news, details of events, family milestones and anything else of interest to the residents of Halam.

Information required under the new 'Transparency' regulations is now being sent to N&S D.C. and appears on the Halam page of their website.

Allotments: provision of better access and a small off-road parking area is to be investigated and costed. It may be possible to fund this through a Prince's Countryside Trust grant. In the meantime some work is to be done to make the present access safe. Anyone interested in having extra space for growing flowers, fruit or vegetables should contact the Clerk: Tel: 813181.

HALAM & DISTRICT W.I.

Go Bake! Sessions for children take place on Monday afternoons at 4.10pm.

As we consider a site for our new 'Turnpike' sign:

DID YOU KNOW:

'The Turnpike' in Halam is part of the long road from Leadenham to Mansfield. It is one of the three major routes that cross the county from east to west. The road was made into a turnpike (a bar, gate or sometimes a revolving spike bar put across the road for toll collecting) by an act of Parliament in George II's reign 1758-59.

BUZZARDS OVER HALAM HILL

Many of you will have noticed buzzards soaring, displaying and calling over Halam Hill this summer. Populations of these birds reached critical lows in the 1950's and 1960's due to persecution, but since the 1990's the buzzard has been increasing in numbers once again. The Common Buzzard is now the commonest and most widespread UK bird of prey. It is a protected species, and it is an offence to kill, injure, or interfere with their nests.

The buzzard is quite large with broad, rounded wings, and a short neck and tail. When gliding and soaring it will often hold its wings in a shallow 'V' and the tail is fanned. Birds are variable in colour from all dark brown to much paler variations. All have dark wingtips and a finely barred tail. Their plaintive mewing call could be mistaken for a cat

BUZZARDS AND RAVENS OVER HALAM

In the last edition there was an article about the buzzards to be seen wheeling over Halam, but the keen-eyed (and eared) may also have observed a pair of ravens

joining the buzzards in aerial combat over the village during the late August Bank Holiday weekend.

Like buzzards and red kites, ravens are gradually returning to mainland Britain, and contrary to popular misconception, can now be seen in many places other than the Tower of London! Time will tell if the huge success of the re-introduction of raptors and corvids has a detrimental effect on the populations of other native birds. - **Paul Oakley**

HALAM PRIMARY SCHOOL

Lots of activities have already taken place this term with lots more planned. During September there has been a sponsored Reading Week; School council elections; a Queen Elizabeth II themed week and open morning; and of course our traditional Harvest Service in Halam Church, which has been beautifully decorated by members of the community and Halam School students.

October will be another busy month with school photographs taking place, participation in Southwell Lions Swimathon, and Parents' evenings.

CHURCHYARD CLEARING DAY

There will be a working party in the churchyard on **Saturday 17 October**. Hopefully the weather will be kinder than on previous scheduled dates, both cancelled because of bad weather. If you can spare a couple of hours it will be really appreciated!

HALAM & DISTRICT W.I.

The next W.I. meeting will take place on Tuesday 6th October. A representative from Hollybeck Nursery will give a talk and expert advice on bulb planting. - **Glenys Herbert** (Tel: 812335)

Halam Church celebrated its Patronal Festival at the end of September, The Feast of St Michael (Michaelmas). **DID YOU KNOW:**

The size of the base of the tower at St. Michael's church suggests that it was originally intended to have a third storey. Also a peculiarity of Halam church is that, rather than being aligned along an East-West axis, it actually lies on a Southeast-Northwest line. This may be due to an error by the original builders, a local idiosyncrasy or because it was aligned with an earlier, probably pagan, building. - **Julie Paris**

GEOFFREY JOHN ROGERS

25 June 1934 - 9 September 2015

Generations of the Rogers family have lived and worked in Halam, and Geoff was born and raised at the Mill in Halam. His uncle and his father before him farmed there, and as children Geoff and his older brother Alec helped on the farm - keeping birds out of the cherry orchard was a very important job!

Geoff attended Halam School and then went on to the grammar school in Southwell. When he left school he did his National Service in the RAF but was too young to fly; in 1955 he re-joined the family business.

Geoff married Jean in 1959 in Holy Trinity Church Southwell, and they lived together in Southwell for a few years. Their son David was born in 1962 and the following year they exchanged homes with Geoff's parents and went to live at Halam Mill. The three men worked together in the family business and when their father died the two sons took over.

Geoff, like most farmers, never really retired, - he was working on his tractor right up to being admitted to hospital with his last illness. Geoff was an outdoor man, but also a family man maintaining close family ties. Geoff and Jean attended Edingley Chapel when farm work permitted and Harvest services marked important and meaningful links to their working lives, and so it was not surprising when the Harvest hymn: 'We plough the fields and scatter' concluded his funeral service in Halam Church last month.

Matters Arising: Village noticeboard awaiting repair.

2) Awaiting confirmation from Southwell dance school re regular booking of village hall in the New Year. 3) Village Hall Committee have begun work on a grant application for possible window/glazing replacement and other works – Supporting Local Communities Fund'. 4) A loudspeaker for the hall has now been purchased. 5) The storage heaters will be made 'tamper proof' to stop them being turned off due to signs of the hall floor lifting again.

Roads: Drains along the Turnpike (Strickland Farm to the Beck) have been rebuilt and appear to be working; gulleys throughout the village have been cleared by N.C.C.

Highways: County Cllr Jackson was asked to look into the filling of potholes on Halam Hill – the road has been marked up, and work should begin shortly. Some **hedges** in the village still obstruct pavements.

Road Safety – The Turnpike: Cllr Jackson advised that a 20mph speed limit (advisory) will be introduced outside the school. The P.C. asked why they had not heard about this, and why the village wasn't consulted. Traffic calming down Halam Hill and along the Turnpike was discussed and Cllr Jackson was asked to investigate possible measures such as road markings and rumble strips. Cllr Jackson was asked to see if the police would conduct 'speed-traps' on the Turnpike.

Planning: Back Lane Farm, Back Lane: extension and conversion of garage to provide ancillary accommodation to main dwelling house: – agreed to support unanimously, with the comment that the parish council felt that this should be passed subject to a restriction that the conversion should not be occupied at any time other than for purposes ancillary to the residential use of the dwelling known as The Old Farmhouse.

Planning Decision: Ivy Cottage, School Lane: Householder application for extension of existing utility room to form additional storage and first floor bedroom, increase width of entrance gates and drive – planning application granted by Newark & Sherwood District Council.

Date of Next Meeting: **Wednesday 25 November at 7.45pm** in the village hall.

GIANT VEGETABLES FOR SHOWING!

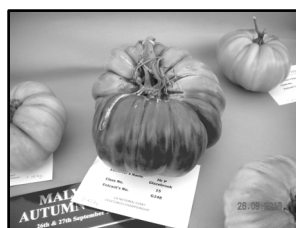

Many of you will have noticed recent press coverage of Halam's local celebrity vegetable growers Mary and Peter Glazebrook. Their large greenhouses and tunnels at Milholm house their 'Giant Vegetables' for showing, where they make the most of good Halam soil to produce prize-winning vegetables. Described by them as their 'hobby' they write:

'Over the last 30 years we have had success with many kinds of vegetables, gaining 15 world records and 12 being lost over the years! We are currently holding: Heaviest Potato 5kg (11lb); Carrot 9.1kg (20lb); Cauliflower 27.5kg (60lb).

It is a year-round hobby with only a few weeks between the last show and starting again with Leeks and Onions in November.

We have staged exhibits at 7 shows this season around the UK during Aug/Sept/Oct. with mixed results, (you can always blame the weather!), but it has been enjoyable meeting up with other gardeners who have a similar interest, and some reward for all the work involved.

The photo at Malvern Autumn Show gives a glimpse of the giant vegetables and the friendly competition; Nowadays contact is maintained throughout the year via a 'facebook' giant veg. group.

Perhaps showing our heaviest Tomato: 2.45kg (5.4lb) was the highlight of this year's efforts, but as we say with the giants you can always hope to grow them larger next season!

Thank you to all those who have turned up on the rota and helped to keep the church looking so well-loved and cared for. However some volunteers are getting older and need to stand down and therefore this is a plea for volunteers to replace them. Please contact: **Elsie Milner**: Tel: 814460, for further information or to be added to the rota.

Churchyard Maintenance

Thanks also go to Kevin Milner for all his hard work grass cutting and trimming in the churchyard and also to the wonderful volunteers who have helped make our churchyard look so well cared for, making 'God's Acre' look as it should!

PARISH COUNCIL MEETING MINUTES

14th October 2015 at 7.45pm in the Village Hall

Present: Simon Bust, Andrew Paris, Glenys Herbert, Janet Simmonds.

Apologies: Chris Bevans, Sarah Godfrey, Carolyn Todd.

Village Hall: Harvest Supper: this was a most enjoyable and successful evening, which raised over £300 for village hall funds. Many thanks to all who helped make the event go so well, especially Chris Bevans, Stoppard's Butchers, The Old Reindeer at Edingley, and all the ladies who made apple pies.

A Village Race Night is scheduled for 13th February – more information to follow.

Some aspects of the heating are not working properly – the Clerk to arrange for an electrician to fix these.

We are still awaiting confirmation from the dance school from Southwell as to whether they require the hall for a regular booking in the New Year.

Some hirers are still leaving the hall in a dirty and/or untidy state – Chris Bevans will be asked to speak with those responsible.

Village Hall Committee are working on a grant application for possible window/glazing replacement and other works - this needs written support from people/organisations who use the hall, or have used the hall in the past. Chris Bevans to contact these.

Role of the Village Hall Committee - Marina Thompson will be invited to the next P.C. meeting so that all the committee will be present. The committee's role and function will then be discussed.

Roads and Hedges:

- 1) County Cllr Jackson confirmed that the 20mph (advisory) limit outside the school will be implemented shortly with additional speed limit signs.
- 2) Most of the major potholes on Halam Hill have now been patched.
- 3) Water at the top of Radley Road is still a problem. Local landowners have dug/cleared ditches as requested but there is still water running across the road. Waiting for further Highways work – Cllr Jackson will investigate and get this progressed.

Open Meeting:

- 1) Notts & Derbys 'Regional Devolution' – it is likely that this will go ahead with an elected mayor for the region. It was proposed that a guest speaker be invited to a future meeting to tell us more about this and the implications for parish councils and planning in the village.
- 2) Gulley on School Lane seems to be blocked – Clerk to look into it
- 3) Christmas Tree – agreed to have this outside the village hall in early December as usual. Simon Bust and the Clerk to arrange.
- 4) Halam Charities – the Charities Committee met in early November. Funds received this year were similar to last year and these will be used to distribute Christmas parcels as usual to the senior residents in the parish. The current Charities Committee clerk/administrator is looking to retire and

we are looking for a replacement. The duties are not onerous but require some minute taking and minor accounts work. We are also looking for villagers to help with the committee work, particularly those with longstanding knowledge of the parish and its residents. Anyone interested in either role should please contact Simon Bust.

Correspondence:

- 1) NALC Membership 2015/17 – agreed to renew membership
- 2) Southwell Neighbourhood – Mrs Glenys Herbert to keep a watching brief
- 3) Local Government Boundary Committee Review – Halam now falls into County Council district of Muskham & Farnsfield with one county councillor to represent the area.

Planning:

Appledale, Radley Road: first floor extension to form bathroom, plus conservatory to rear – agreed to support unanimously.

Date of next meeting: WEDNESDAY 9th DECEMBER at 7.45pm in the village hall.

Southwell Theatre Club

We've had a great season this year at Southwell Theatre Club. Before 2015 finally draws to a close we have one last performance for you: a seasonal offering in the time-honoured tradition of telling ghost tales at Christmas. Come and join us at Southwell library on **Saturday 12th December at 7.00pm** for an evening of Ghost Stories to start the festive season with a frisson of the supernatural.
