Xylella – Tree & Plant Equivalent to Covid 19

The Tree Council are notifying Wardens of a disease that started in Italy and is now moving into the rest of the Mediterranean, with the probability that it will run loose in UK if it gets across our borders. It is called Xylella and the virus blocks a plant's plumbing system, causing it to die of thirst.

DEFRA has produced a video <https://www.youtube.com/watch?v=2xnsdASNvzQ> that describes the threat and requests we observe the following rules:

Propagate your own plants from seed or cuttings

Source new plants carefully - where possible purchase plants grown in the UK

Never bring plants back with you from abroad
You could be destroying your garden and damaging
your local environment and horticultural industry

Check plants for signs of diseases before purchase
and monitor the health of new plants

NHS Support and Livestock

It is fantastic to hear everyone's support for the NHS and other Key Workers as people clap and cheer at 8pm each Thursday. We are incredibly indebted to all the health professionals and other Key Workers who continue to put themselves at risk whilst we stay safe at home. However, in some of our rural areas the enthusiastic banging of saucepans and blasting of air horns is giving local Livestock a fright, causing animals distress and potential injury as they bolt in their fields.

Please can we continue to show our appreciation for our amazing Key Workers whilst being mindful of the responsibilities which come with living in a rural area with livestock. Please continue to clap and cheer but avoid horns and other noises likely to cause animals fright and distress.

Parish Council News

Local Government legislation has arguably been behind the times but has stepped up to allow for remote Parish Council meetings. Up to 3rd April 2020, only meetings in person have been lawful as from the creation of Parish Councils in England by the reforming Local Government Act of 1894. This situation has been updated (temporarily) by regulation under the Coronavirus Act 2020.

[Councils given new powers to hold public meetings remotely](#)

Annex A to [Letter to Local Councils](#) from Paul Rowsell CBE, Head of the Governance Reform and Democracy Unit, Ministry of Housing, Communities and Local Government 6th April 2020

The Local Authorities and Police and Crime Panels (Coronavirus) (Flexibility of Local Authority and Police and Crime Panel Meetings) (England and Wales) Regulations 2020

These Regulations enable all local authority meetings to be held remotely, including allowing remote access by members of the public. The Regulations are drafted very broadly, applying to different types of local authorities, and to different categories of meetings including annual meetings, cabinet and committee meetings. Local authorities can decide not to hold the legally prescribed annual meeting.

Where meetings are held, local authorities have the flexibility to hold them at any time of day and on any day, to alter how frequently they are held and to move or cancel them without further notice. Where a local authority does not hold an annual meeting (AGM), current appointments will continue until the next annual meeting of the authority or when the local authority determines.

Meetings may be held remotely including via telephone conferencing, video conferencing, live webchat and live streaming. Members of the public and press may also access meetings remotely.

The Regulations are not prescriptive about how local authorities may facilitate remote meetings or related matters such as voting and access to documents by members and the public. Different solutions will be appropriate in different localities and local authorities may make appropriate Standing Orders.

The Regulations came into force on 4 April 2020 and apply to meetings taking place before 7th May 2021. We are able to legislate to bring forward this date if medical and scientific advice leads to the relaxation of social distancing rules.

You can find the regulations and supporting documents here on the legislation.gov website

<http://www.legislation.gov.uk/uksi/2020/392/contents/made>

PARISH ASSEMBLIES

Parish Assemblies are postponed until further notice. Not being Parish Council meetings, they are not covered by the regulations. They can't be held remotely so guidance is pending as and when gatherings can take place.

MESSAGE FROM THE MAYOR OF BASINGSTOKE & DEANE COUNCILLOR DIANE TAYLOR

I have always noted that humans are great adjusters. Whenever there is a difficult and significant change in our lives, perhaps a death or illness or relationship break-up, we can feel that we will never get used to it... but somehow, with time, we always manage to adjust to our 'new normal' and get on with life in its different format.

If you had told me last year that in Spring 2020 I would be confined to my home for weeks on end, working forever at the computer, not meeting people face-to-face, queueing to get into food shops, unable to attend a single public meeting or event, I would have been horrified. How can I live like that? Guess what – I can! Like everyone who is either completely isolated for health reasons or, at the other end of the scale, working all hours to save the lives of dangerously ill people, somehow we humans adjust and find a way to get on with life.

One of the final public duties of my Mayoral year would have been to lead the celebrations of the 75th Anniversary of VE Day on Friday 8 May. Needless to say, there will be no public event to mark this significant occasion – just a video of me at the War Memorial at 10am on that morning which will go out on social media. However, can I encourage everyone to find a way – perhaps in the afternoon at about 3pm – to raise a glass or a tea cup in your own homes in celebration of a victory that brought us the great life that we are privileged to lead today. The resilience, courage and determination of this nation during World War Two astounds me. Let's celebrate the outcome of a war that logically we should have lost – but, with our great allies, we won! And what's more, we will win the Coronavirus war too!

If you are self-isolating without friends or family nearby, you can register for support for food supplies and prescriptions. Call the Coronavirus Hampshire Helpline on 0333 370 4000, available seven days a week, from 9am to 5pm or visit www.basingstoke.gov.uk/covid-19-community-hub for more information.

BasLight Community Interest Company | Registered in England & Wales: 12551986

HOME DELIVERY SERVICE

BasLight is a new Community Interest Company working with Basingstoke & Deane BC. We're a group of unpaid volunteers bringing the people of Basingstoke and surrounding villages a 'not for profit' home delivery service.

The service can scale to over 3,000 home deliveries every week. Orders are delivered in 48 hours and there are no issues with slots. We're focusing primarily on making sure those who feel at risk and need to stay home can do so. We are there to support our key workers.

The boxes are being supported by cooking videos and have the essentials needed to stay at home. Every week, we select foods from each of the food groups to create a box which is nutritionally balanced. Or range is based on the UK Government's Eatwell guide (https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/528193/Eatwell_guide_colour.pdf).

£35 box 'Grocery box' available now and delivered to your door within 48 hours. A large box – typically should feed two adults for around one week. A typical box will include fridge and cupboard essentials alongside a range of fresh vegetables and salad. For eg milk, eggs, bread, breakfast option, dry goods (pasta, rice etc), vegetarian pulses and a generous portion of fresh vegetables and salad.

£15 box 'Essentials box' available from the first week of May. Email helpers@cov19bas.org.uk Tel (answering machine) 01256 263 210. Typically, this box should feed one adult for around one week. Will include fridge and cupboard essentials for easy, quick meals. For eg milk, bread, tea, tinned soup and meats, fresh vegetables and fruit.

How to find out more and place an order

There are two options - online at cov19bas.org.uk or by calling us at 01256 263 210.

Kidzone

Hi everyone!

Well, as I'm writing this, life certainly isn't as I'd expected it to be a month ago! We're all having to cope with not going to school, not playing with our friends, not even getting to eat what we normally enjoy!

The Den

Mummy, can we build a den?
I roll my eyes and think 'not again'
Just more work I think, when I put away.
But then I remember, why tidy, no one's visiting anyway
'Sure, go ahead'
I say, and they do
Under the bed, under the table
Anywhere they are able
To hang a sheet, up goes a den.
And then
Mummy, can you come and play?
'Oh love, I can't, I really have too much to do today'
And then I remember
There's plenty of time tomorrow
To do the things I need to do
Nowhere to go
No errands to run
'Go on then, let me in' I cry
As I crawl into their den and lie
Eyes closed listening to the sound
Of lazy rambles and like a cloud
I float upon their sweet soft voices
Talking nonsense, lost in their world.
Escaping my own.
Mummy, can we build a den,
Yes, my love, let's build ten.

As we couldn't take part in a real donkey procession on Palm Sunday, we asked people to contribute donkeys they had made to our 'virtual' Palm Sunday procession. We were blown away by all the pictures we were sent, and here are a few of our favourites.

Now I've got a creative challenge for you all this month... a daily Lego build. Can you manage all 30? I'd love to see some pictures – please send them to me at youth@moretolife.church

Message from the Benefice Clergy Team

In Chapter 4 of Mark's gospel we read a report of Jesus being asleep. It's the only time in any of the Gospels that we are told about Jesus taking a nap.

What is slightly surprising about Jesus sleeping is the time and place that it occurs – in a boat, on a lake and in the middle of what seems to be a fairly significant storm. The storm is wild enough for the disciples (several of whom are experienced fishermen) to worry that they are about to sink and drown.

The wind howls, the waves crash ... and Jesus snores (maybe).

In the midst of the storm the disciples, full of fear and seemingly with genuine concern for their lives, shout out to Jesus above the noise of wind and waves.

Listen to what they said: "Teacher, don't you care if we perish?" What do you notice?

In the midst of the storm, the disciples hung on to faith, they seemed to assume that Jesus could do something to help them if only he was awake. But in the words of Pope Francis "They think that Jesus is not interested in them, does not care about them..." and this unleashes storms in their hearts.

As the Coronavirus pandemic continues we find ourselves in the midst of a storm of sorts. All of us, rich or poor, married or single, surrounded by family or on our own. We are in the same boat, and like the disciples we need to row together. There are wonderful stories of 'rowing together' from across our communities as people help and support one-another practically and emotionally.

The storm that we find ourselves in exposes the fragility of the systems and structures which we have created and which have made us feel invincible. The storm batters and overwhelms the certainties in which we have placed our hope and trust. The very things that claimed to have the power to save are exposed – are themselves swamped and overcome by the storm.

In the midst of this storm perhaps we find ourselves shouting with the disciples "Lord, do you not care if we perish?"

Jesus's reply to his disciples is brief, challenging and strangely comforting:

"Why are you afraid? Do you have no faith?"

His disciples had faith in so far as they believed he existed – after all he was right there with them. But in the midst of the storm their trust in Jesus to save them was shaken. And it is to this that Jesus speaks, wanting his disciples to realise that because he has the power to save, with him on board there will be no shipwreck. Because, to quote Pope Francis once more, "This is God's strength: turning to the good everything that happens to us, even the bad things. He brings serenity into our storms, because with God life never dies."

As the storm rages, Jesus calls us to faith. Not simply to believe that he existed but to trust that he can save. In the words of the Old Testament Prophet Joel "Return to me with all your heart, says the Lord".

Faith begins when we realise that we are in need of God's saving help. That by ourselves we cannot do it and that we need Jesus 'in our boat'. Jesus's invitation is to hand our fears over to him so that he can conquer them and understand that with him on board there will be no shipwreck.
