22/500412/FULL	The Club House Lenham Cricket Ground Ham Lane Lenham Kent ME17 2QG	In principle we have no objection to this application which is intended to provide additional facilities to allow the creation of youth and women's teams. We are however somewhat concerned about the comments generated by a near neighbour that the siting of the existing pavilion in the block plans may not be accurate and that there would simply not be enough room to accommodate the extension. May we suggest that this is double checked prior to approval by the planning officer and the result copied to LPC.
