- 83. NEIGHBOURHOOD PLAN:**
The Chairman introduced Mr. P. Revell who had been invited to talk on the proposed Neighbourhood Plan for Broseley and possibly Benthall.
Mr. Revell explained that a Neighbourhood Plan give a community direct power to develop a shared vision for their neighbourhood and shape the development and growth of their local area.
A Neighbourhood Plan sets out where new homes, shops and offices might be built, and allows a community a say on what those new buildings should look like and what infrastructure should be provided.
Much Wenlock and Shifnal have already gone through the process of producing a Neighbourhood Plan, in our area a Neighbourhood Plan would be a natural development from the current Broseley Town Plan and would, if successfully implemented offer additional planning protection for the area.
It is necessary to define the boundary of a Neighbourhood Plan and at a recent public meeting it was thought that the area of Benthall could be included in the plan, seven members of the public were from Benthall and voted in favour of being in the plan.
Once the boundary has been decided it is sent to Shropshire Council and ultimately a Planning Inspector assesses the document and if passed by the Inspector it becomes law and has to fit the Shropshire Council plan.
If Benthall does become part of the plan the Parish Council will still take their own planning applications and the Council boundaries would not change.
Members of the public queried why just Benthall was being proposed and not all of the Barrow Parish. Mr. Revell explained that the reason was purely on cost. Several questions were put to Mr. Revell, including what grant money would possibly be available it was through that this would be in the region of £9k plus a further £8k. Broseley Town Council had made £10k available.
The Chairman asked the members of the public if they wished Benthall to be included in the Neighbourhood Plan and by a show hands the majority voted against being included. Some members of the public stated that they had not had sufficient time to consider the matter.

The Chairman informed the meeting that the Parish Council would vote on whether or not Benthall should be included in the Broseley Neighbourhood Plan and their decision would be final.

A proposition that Benthall should not be included in the Broseley Neighbourhood Plan was taken and it was RESOLVED by 3 votes to 1 in favour of the proposition. The Chairman thanked Mr. Revell and the members of the public for their attendance.
