8) Are there additional community buildings needed in Kingsclere?

No additional community building needed (better utilize what we have) - 43

Co-operation between existing committees running buildings to maximize benefits to the community (thus avoiding under utilization) - 8

Fieldgate & Holding Field should be used for sports only

Fieldgate should be used better

Fieldgate should be further developed - squash court not used enough!

Fieldgate needs to provide facilities for children & young people so club activities can be established there

Fieldgate needs money spent on it

Use Albert Hall in Swan Street

Housing should take priority

Additional community building on east of village

Extend & renovate existing facilities

Gym (like Woodlands in Baughurst) - 2

Youth Club - 20

Purpose built pre-school - 6

Drop-in centre for senior citizens open in afternoons - 2

Other improvements you would like to see

Lorry ban

Better hedge cutting on Ashford Hill Road

Traffic lights at peak times when crossing A339

School walking bus scheme - 2

Roundabout/improvements at A339/B3051 junction - 3

Parking ban in Swan Street

Trains

Smaller buses at off peak times

25 mph limit - 2

20 mph limit - 4

Pedestrian crossing between church & The Crown - 2

Additional residents parking - 2

Cycle route to Clere School

Parts of St. Mary's churchyard given over to parking for residents without spaces – revenue could go to the church

Speed cameras

Improve state of village pavements

Pedestrian protection along Fox's Lane

Extend & widen Fox's Lane to join Whitchurch Road for South bound traffic & make Swan Street one way for South bound traffic - 2

Pedestrian crossing at the end of Swan Street/Newbury Road or a traffic island

Parking allocations for Swan Street

Traffic signals at each end of traffic scanning signs

Traffic signals at bottom of Swan Street – 2

Smaller delivery lorries for shops

No more traffic calming measures – spoils the village and can be dangerous

By-pass for north/south route

Calculate parking spaces for residents first & then calculate how many additional spaces needed

Section 4: About the village services:

1) Do you use any of the village services? Main ones only listed

Chemist - 37

Churches - 20

Dentist - 73

Cafe with space for children's pushchairs
More shops
Free cash point machine - 3
High speed broadband

Train station
Dress shop
Skateboard ramp
Affordable pub
A good restaurant or pub that does good food!
Old people's centre
Public swimming pool (use school pool in summer) - 10
Gym - 3
Leaf clearing
Pavement improvements
Upgraded Fire Station
Bakery
Composting facilities

3) How will development in the village affect any of the village services? Answers also include views on development in general

More shops = more traffic
School, health centre, shops would benefit - 11
Pressure on Health Centre - 47
Worse parking for Health Centre - 3
Pressure on school - 34
Would need an impact assessment of the school & Health Centre
Development = more reason for a purpose built pre-school
Services will only improve if more people use them - 3
Would need more places for children to go - 2
Concern for overdevelopment - 2
Higher risk of crime
Would need more police presence
Better use of the Fieldgate Centre
Parking problems would get worse - 15
Could lose open spaces
Development would probably benefit services (sustainability) - 11
Increase in population = more retail development
Local bus services would need to be encouraged
Would overstretch services & increase traffic - 10
Would not negatively affect services
Increased traffic problems - 14

Additional Comments

Relocate older people living in 2/3 bed houses to smaller developments - 2

Could cause lack of cohesion if we have new housing bought by commuters with no village interest

Need to keep ANOB & views

Need to make Kingsclere a centre for local villages - 3

Need a phased building programme to cope

Free recycling facility bus service

Layout of new houses to take account of neighbours – no new development should be overlooked

Fear of over-development

I love Kingsclere village - 4

Keep & develop the community spirit

Infrastructure, e.g. drainage is in a poor state. Needs to be looked at prior to development.

Kingsclere is on the verge of crossing over from being a large village to a small town without the infrastructure to support it

Don't want to become another Thatcham or suburb of Basingstoke - 2

No alcohol areas need policing

More floral displays & tree planting, especially on entrances to village

More green spaces & trees

Social housing should be better managed

We have an aging population so their needs should be a priority

Restrict street signage to a minimum - 2

Less street lighting

Street lights stay on all night & make it hard to sleep. This is a country village where I expect to see the stars at night. The lamps need a shade to reflect the light to the ground.

Improve the state of the pond

People who live alongside Gaily Brook should look after it – it is not important enough for the Environment Agency to do

Vulnerable & isolated elderly people – set up a list of those needing support & form a volunteer group to visit them

New people bring in new talents & ideas and can contribute to our community

Moderate development will allow the village to stay alive, providing housing for local people & new arrivals

Don't use allotments for building

Need footpath – Star to Cottismore

Need a pavement leading up to the cemetery

Need a pavement along Fox's lane

More lighting along the footpath between the river and Cedar Drive/Byfields

More allotments
