

### **Vacancies on Parish Council**

As we have not been informed by Bucks Council of a request for an election, the Parish Council may now co-opt one or two members to fill the vacancies left by the late Derek Leonard and by Richard Cross. If you would like to be considered please contact MGPC Clerk, Carole, for more information: [clerk@marshgibbon-pc.gov.uk](mailto:clerk@marshgibbon-pc.gov.uk) (01296 770568).

### **Village Hall Grant**

Bucks Council has made a grant of £10,000 to Marsh Gibbon Village Hall to help towards the loss of income during the pandemic lockdown.

### **Plant Sale Success**

The Horticulture Society's sale of plants in the Village Hall car-park was such a success that it ran out of plants; with socially distanced queuing back to the top of Clements Lane. The takings were over £700 - a record.

### **Foodbank**

This Saturday the Action Group will be collecting again at the Village Hall for the Trussell Trust's Bicester Foodbank from 9.30 to 12.30; alongside the pop-up bread shop.

### **Volunteers Week**

Today is the first day of Volunteers Week. This year, more than ever before, we have seen the huge difference volunteers make to the lives of many people. In particular the village owes immense thanks to the Covid Community Action Group for all they are doing to help people through the crisis. They are among the many volunteers who give their time to help those in need. Our thanks to everyone who volunteers and plays an invaluable role in keeping our community together. Your help makes such a difference, particularly during these difficult times.
