17 October 2018
Dear Sir/Madam
Smart Motorways Programme M27 Junctions 4 to 11: Update - Hard Shoulder Preparations – M27 closures and vegetation clearance

I am writing to provide an update on our smart motorway works, following the 'Notification of Hard Shoulder Preparations – Overnight Closures' letter which I sent to you on 10 October 2018.

As part of the upgrade to smart motorways, we will be carrying out a number of night-time closures on the M27. These closures will allow us to safely install CCTV and speed cameras along the route, before we install the temporary traffic management for the start of construction in winter 2018 / 2019.

We will also be undertaking vegetation clearance to facilitate these works. We will be using noise mitigation measures to ensure that any noise generated from our works, are kept to a minimum.

When will it take place?

The work will be carried out overnight between the hours of 22:00 and 06:00, on the following dates:

| Date | Location |
|-----------------|--|
| 22 October 2018 | M27 junction 5 westbound entry and exit slip roads M27 junction 9 westbound entry and exit slip roads |

Please note that the motorway will remain open throughout the day during the works, although there will be a requirement for some hard shoulder closures during this time.

These dates may be subject to change owing to operational requirements or adverse weather conditions, therefore we would advise road users to plan their journeys in advance.
