## 18 AUGUST 1940 CROWN LANE, NATELY SCURES

*Reproduced from Villager articles of November and December 2012*

On the morning of 18 August 1940 a detachment of soldiers from the 48th Section, 6th Bomb Disposal Company Royal Engineers, arrived at Hook station. Two bombs had been dropped near to the railway by Crown Lane towards Water End.

One didn't explode and had to be defused quickly as it was a threat to the main line and holding up trains. But it had embedded itself deep in the ground. Due to the amount of time that had passed since the bomb came down the engineers knew they were in danger.

As they were digging down, the bomb exploded, killing the six soldiers. Their NCO, Lance Sergeant Button, was thrown through the air by the blast, but survived. He was later awarded the George Cross.

*Dennis Gary, who lived all his life in Nately Scures, recalled...*

'The planes were on their way back from a raid over Coventry. One bomb exploded immediately. As my family lived in 2 Crown Cottages on Crown Lane and my granddad next door at No 1 we suffered a lot of damage to our homes. I remember a great six foot girder through my granddad's roof and the bedroom ceilings were down – and not repaired until after the war because of the lack of materials.

'The second bomb didn't explode immediately and the soldiers from the Royal Engineers came to defuse it on the Sunday morning. Sadly, as we know, they were unable to do so quickly enough and six of them were killed in the blast. My brother Norman and I were playing cricket in

the garden when it happened and we can both still remember the awful shower of body parts that fell all around the area, in our garden, in the churchyard of St Swithun's and all around. It was terrible. My mum sent me running up to St John's Cottages to call the Air Raid Warden and soon they were gathering up all these body parts in blue bags, loading them into ambulances and they took them to the church at first.

'Those brave men may now be remembered on a plaque in St Nicholas', and at Hook Station, but it was in Nately Scures that they spent their last living moments, trying to keep us safe.'

*The following was related by a daughter of the signal man:*

'I was 11 years old at the time and with my sister had been sent up to where the Bomb Disposal Section were working, to give them some sandwiches and tea. As we got to a safe distance our dad stopped us and said they were working and he would pass on the food to them. We talked to dad and then turned to go home. As we got a bit away there was an explosion. We returned to our dad and found the Section had been killed.'

All six men were later interred at the Aldershot Military Cemetery.

### ST NICHOLAS' NEWNHAM REMEMBRANCE

It is Newnham's turn this year to hold the Remembrance Service for the United Parish which will be at 10.50am on Sunday 12 November. The service will be followed by mulled ale and mince pies.

## MIGRATIONS

Harvest and the season of mellow fruitfulness are past, but on days when it is sunny and the ambient temperature approaching 14°C there still may be red admirals on rotting fallen fruit. Some of these may migrate south others will hibernate in outbuildings.

If we get a spell of really cold weather this month, especially if it has been wintry on the Continent, flocks of redwings and fieldfares, often mixed, may reach us (or we may have to wait until Christmas).

Both species are thrushes: redwings are the size of song thrushes but have a very distinctive red area under their wings and on their flanks, but they also have very clear almost white stripes above their eyes.

Fieldfares, which many decades ago were locally called 'felfers', are about the size of blackbirds: they have a distinguishing 'chak, chak, chak' call note often uttered when flying overhead; on the ground their grey crown and nape, and grey rump are distinctive. Both species may visit our lawns in search of worms but they are more commonly seen on open fields and frequently eating the hawthorn berries in hedgerows. NB

COLIN HENRY STUBBS

Together with our extended family I would like to show our enormous appreciation for all the wonderful support we have received following the death of Colin. We could never have expected such kindness, support and love, and St Mary's Church was absolutely filled to capacity for Colin's Service of Thanksgiving. And it is with such pleasure that we have received donations for £500 in Colin's memory which has been given to Cancer Research UK and Mencap.

Thank you Patricia.

## PARISH COUNCIL MEETING – LOCAL PLAN UPDATE

Wednesday 22 November, 7pm Village Hall meeting room.

**Please join the November Parish Council meeting if you are interested in a presentation and discussions on the Local Plan Update** with Council Leader Cllr Paul Harvey, and Portfolio Holder for Strategic Planning and Infrastructure, Cllr Andy Konieczko.

### FIRST AGENDA ITEM

#### **BDBC Local Plan Update, next steps**

'BDBC has kick-started the Local Plan Update process and we would like to update Parish & Town Councils on the current position and let you know how you can be involved. As a key stakeholder in the local area, we want to meet and hear your views on how we intend to proceed.'

The clocks have gone back and the days are shorter, but there is still plenty of time for the members of our u3a to enjoy themselves!

We have had three new groups begin this term, Beginners Bridge, Beginners Tai Chi – and Pickleball (as opposed to Paddle ball). The latter aims for inclusivity and enjoyment over 'out and out' competitiveness. Equally the table tennis group, having worked off a few calories, are happy to replenish them afterwards with a lunch at a local restaurant!

Some of our groups are equally happy to exercise their brain cells. The History of World Civilisations group has set themselves some demanding projects this year... If you would like to know more about us, please visit our website at [www.odihamu3a.org.uk](http://www.odihamu3a.org.uk)

## ROWAN LODGE AN APPRECIATION

A friend of mine living locally, whose elderly aunt needed somewhere to stay as her mental and physical strength deteriorated, learnt about Rowan Lodge. His aunt was an early resident but sadly died recently. He has written his reflections of her time there for me to share. NB

*'It is difficult to express adequately my family's gratefulness for the loving, professional care and attention the staff at Rowan Lodge gave my aunt during her final 18 months. The nursing and care during her final two weeks was beautiful and tender. And earlier the activity team had contributed enormously to the sense of fun and purpose both for her and for the other residents.*

*'There is always such a happy atmosphere at Rowan Lodge, and the staff are so welcoming to visitors, which added to the pleasure of my regular visits to see my aunt.'*

The *Villager* records with great sadness the death of Lady Sara Allenby on the 14 October 2023. Our thoughts are with her family; their grief is shared by all Sara's friends and neighbours.

An obituary will be published in the December *Villager*.

## Dennis Shefford

06 February 1942 to 13 July 2023

Dennis and his wife Marlene lived at Tally-Ho, Newnham Road, for c 50 years. They brought up three sons in Newnham, who recall playing on the Green with other village children in summer until dark.

Dennis worked as a shop fitter and was a carpenter by trade (his father a gardener).

In the early 1990s then Church Warden Nigel Bell asked Dennis to make a noticeboard for the church, which he did with great care and it remains today fixed to St Nicholas' church tower door.

Dennis sadly lost Marlene in 2021 and lived alone for the two years since then. His funeral was held at Worting Road Cemetery on 18 August.

**Autumn litter pick** Thanks from Alan Richmond to all who defied Saturday's weather, and to all those who came out when the rain had stopped.

## Donna Jones

Positive change for Hampshire and the Isle of Wight

Donna Jones and I'm standing to be the next Conservative Police and Crime Commissioner for Hampshire and the Isle of Wight, at the elections in May 2021. Here you can find my news, what I stand for, and more about me.

## RURAL CRIME ROUND TABLE WITH DONNA JONES

On 17 October, representatives from Newnham Parish attended a Rural Crime Round Table meeting with Donna Jones the Hampshire Police & Crime Commissioner. This meeting followed several that have taken place since Donna took up office just over two years ago. The event was organised and chaired by the Oakley & Candovers County Councillor Juliet Henderson.

Despite this being 'out of District', Newnham Parish was well represented and those who spoke conveyed their frustration at current Policing arrangements for Newnham Parish. Newnham, Nately Scures and Water End (and Mapledurwell & Up Nately) are considered to be within Basingstoke East policing area rather than as part of the Basingstoke Rural South as previously policed by PC Andy Reid.

There is strong feeling in Newnham that our Parish is targeted by criminals perhaps more than some others, and the reaction of the Police has in some cases been lacking. These feelings were conveyed in the meeting. Newnham does not have routine or visible policing coverage suited to a rural area. Town centre style policing doesn't extend as far as Newnham and when police are called it may well be PCSO Andy Jones from Rural South who attends.

Donna Jones was sympathetic to our cause, conveying her intention to engage and to try to improve matters. A first goal would be for a reorganisation of Policing Area boundaries to include Newnham (and Mapledurwell & Up Nately) within Basingstoke Rural South and so covered by the rural policing team.

Donna Jones has provided for (by increasing the Police precept) additional officers and equipment for Hampshire & Isle of Wight Constabulary. For Basingstoke Rural South this includes one more dedicated officer, plus additional shared resources in terms of 4x4s, dirt bikes, and drone teams. Training is ongoing and operation teams with this new equipment should be deployed in December.

Donna also explained the role of Police & Crime Commissioner which includes appointing the Chief Constable; in February of this year she appointed Scott Chilton as Hampshire's new Chief Constable. Under his leadership Hants Police are changing their operating model - away from functional silos and back to a more traditional geographical model. As part of this change they are reintroducing area cars to reinforce the neighbourhood policing teams.

Two other priorities set by Donna Jones for the Chief Constable are improving the 101 system and reopening more Police Station front desks to allow people to report crime and interact with the police face to face.

A further round table event with Donna Jones will be hosted in the Spring. I encourage your attendance at this event.

Paul Gaskell, Parish Council Chairman

November sees the start of the 16 days of activism for gender-based violence. This year Winchester Cathedral have offered Mothers' Union a chalet at their Christmas Market for a day to raise awareness of this issue.

Members around the diocese will be helping out during the day at the chalet on Wednesday 29th November. If you are interested in helping us with this campaign, please let me know.

Mothers' Union has recently launched a new "Rise Up" campaign to tackle the problem of domestic violence. The letters in "Rise Up" stand for Respond, Inform, Support, Empower, Unite and Pray. The statistics about Domestic Abuse are shocking with an estimated 1.6 million women in this country experiencing domestic abuse every year. One in seven children and young people under the age of 18 will have lived with domestic violence at some point in their childhood. Domestic abuse affects people throughout society and at every stage of life. We must do everything we can to support and protect those who are vulnerable.

Our next branch meeting is on Monday 6th November at 7.30pm at the RAF Chaplaincy Centre. If you want to find out more about Mothers' Union or our branch please contact Sue Murphy on 01252 845011 or sue@the-murphys.me.uk.

### From the Ministry Team

I always appreciate the changing of the seasons. As the colours change, as the leaves disappear and regrow, as new

animals, birds and plant life appears, there is always something new to enjoy. Those days where you start wrapped up in coats and scarves and end in t-shirts are sometimes unpredictable, but speak to the changes around us.

Sometimes though, this can feel a direct contrast to our own personal experience of the rest of life. It can feel like everything is changing but us. That the last few weeks and months have felt an awful lot like the ones preceding it. Perhaps we enjoy the consistency and stability, or maybe we find it frustrating or difficult.

I personally find myself feeling both comfort and disquiet. On the one hand, the familiarity of the rhythms and patterns of life create a predictability that you can rest in. However, as a natural-born fidgeter, I find myself looking for what might be new and different. And that's why I love the changes of the seasons.

Whatever we feel, wherever we are, whoever we are...the seasons will change. Summer dissolves into Autumn, wilting away into Winter before Spring again breaks forth into the heat of Summer once more. The cycle is both consistently dependable yet always new.

Perhaps, this can point us to something higher. Someone higher. We're told that God is the same yesterday, today and forever. He

### SARAH BARNES, LLM CONGRATULATIONS & WELCOME

Congratulations to Sarah Barnes from Upton Grey who was licensed by the Bishop of Basingstoke on Saturday 14th October at Winchester Cathedral. Sarah is now authorised as a Licensed Lay Minister and holds the Bishop's permission to preach, lead services, conduct funerals and more.

LLMs combine authorised ministry on a Sunday with their regular work and are called on to share the good news of Jesus at work and in the parish.

Sarah joins our ever growing team of Clergy (8), LLMs (4), Youth Pastor, Pastoral Care Worker, and Administrative staff in the North Hampshire Downs Benefice.

Rev Simon Butler (Benefice Rector)

never changes, he is dependable, he is good and true. And yet his mercies are new every day, there is always something more to learn or experience.

I wonder if you'd like to reflect over this Autumn on the consistency and change of life. Perhaps carve out a little intentional time to dwell on life.

If you're feeling that things are a little chaotic and unpredictable, take it to the God who is dependable and constant. Allow him to provide the stability you need at this time.

But if you're feeling that too much is the same it's always been, perhaps ask God to speak of his plans and purposes, to show you that there is always something new in store for our everyday. Life with God is an exciting journey, and one I would invite everyone to explore.

I wonder if you have any favourite memories? These memories might be happy, scary, sad or exciting. They might be your favourite day out, a particular present or people you have met... Because I'm so old, I have loads!

Maybe my favourite was the day I met my absolute hero – Desmond Tutu. If you've never heard of him, Google him now. He was a South African Bishop who spent his life fighting injustice in his homeland. One day, way back in 1997, I went to a very early church service and he gave me communion. I'm not sure anything will ever be more special!

I wonder what your favourite memory is... It's really important to remember things that have happened. As we get older, memories become more and more special – especially if it's of people you don't see any more... Let's play a game! Here is a picture of 20 things. Set a timer for 1 minute and look at it very carefully. Then cover the picture up and see how many you can remember.

It's easy to forget something that has happened in the past, but then something jogs our memories and reminds us of it. I wonder if you have ever been somewhere and brought back a souvenir, or if you have something which helps you remember someone? I have a brass bugle that belonged to my Grandad. It's a bit battered, and not very shiny. It doesn't even work properly. But every time I see it, it reminds me of him.

Scan this QR code to watch the video – a day I'll always remember. How does this story make you feel?

Why will Mr George always remember this day? In his story, Mr George came close to dying, but due to his quick thinking, he covered himself with cabbage leaves and survived.

Mr George's memorable day was one of great danger, followed by relief at still being alive. This is one type of memorable day, although hopefully, none of us will have to experience such a day!

Mr George and many like him who have been involved in wars have shown great bravery and resourcefulness. Yet despite the difficult things that they have experienced, they can still be positive and cheerful. I wonder if you will ever see cabbage sitting on your plate in the same way again! Some people, however, find it difficult to adjust to everyday life

because of their experiences. The days that we remember can affect each of us in different ways.

In the week around 11th November, we will be remembering others who have fought and are fighting in wars in different parts of the world. I wonder how you will remember them... Will you wear a poppy, march in a parade, keep a minute's silence?

These soldiers are often risking their lives to bring peace to our world, giving up everything so we can live in a peaceful country. But God calls us all to be peacemakers – in the Bible, it even says 'Blessed are the peacemakers'. I wonder – how can you be a peacemaker today?

Maybe see you at one of the Remembrance Services on 12th November!

See you next month!

# OLD BASING LICENCING APPLICATION

DECISION NOTICE OF THE LICENSING SUB COMMITTEE AT Basingstoke and Deane Borough Council on 24 October 2023 [23/01138/PREMN](#)

## Application for New Premises Licence for Old Skool Neverland

(ATL Hospitality & Events Ltd) Festival at Fields between Riley Lane, Newnham Lane and Wildwood Farm, Off Newnham Lane, Old Basing

### DECISION NOTICE *Extracts & summary*

The Licensing Sub-committee considered all evidence; listened to representations from the Applicant and Interested Parties, and also had regard to written representations.

The Sub-committee has decided to GRANT this application as applied for under S17 Licensing Act 2003, subject to an additional condition relating to a Traffic Management Plan. This decision is made in accordance with S18(4)(a)(i) & (ii) Licensing Act 2003.

### REASONS

While the concerns of local residents were appreciated and heeded, **in regard to the specific licensable activities applied for, the Sub-committee held the view that adequate steps had been taken to promote the four licensing objectives via submission of an Event Management Plan, a Noise Management Plan, a Drugs Policy and a Vulnerable Person Policy.**

The Applicant has engaged specialist companies and is willing to cooperate fully with the Responsible Authorities and the Parish Council. The Applicant has engaged professionals with regard to medical safety and fire safety; has engaged with the Police and has agreed conditions which promote the licensing objective of prevention of crime and disorder.

The Applicant has engaged with the Safety Advisory Group (SAG), has been responding to concerns and will continue to meet with this group in order to satisfy each Responsible Authority. The Applicant has also sought feedback from the Parish Council and local residents and intends to continue to hold dialogue with them.

The Applicant has experience of running comparable and larger events.

### REPRESENTATIONS AND CONCERNS

The Licensing Team received 45 opposing representations and 12 emails in support. There were no opposing representations from the Responsible Authorities.

Residents' concerns mainly related to road safety and noise nuisance. Increased pressure on NHS and potential problems with ambulance response timing was also discussed.

All parties expressed serious concerns that the roads leading to the site were unsuitable and that there was no plan in place to deal with such large numbers of movements in and out of the site. Concerns were also raised about links to public transport and lack of proper planning.

The Applicant has employed d&b Solutions (professional stage and sound engineers) who have supplied the Noise Management Plan for the event. This includes monitoring sound levels throughout the event and providing a 'hotline' for residents to call if

they experience any problems.

Southern Medical Services will supply an on-site doctor, six paramedics, a first aid tent and an ambulance, and will liaise continuously with the NHS regarding emergency provision.

The Applicant's Event Management Plan, provides for a Traffic Management Plan to include entrance, egress, parking, traders' parking, event signage, a shuttle bus service and traffic stewards. However this plan has not yet been finalised.

**The Sub-committee wishes to emphasise, having listened to the concerns of residents, that the handling of traffic is of paramount importance.**

It requires by condition a robust and workable Traffic Management Plan to be approved by the SAG prior to the event taking place. Such a condition is considered relevant to the licensing objectives of the promotion of public safety and the prevention of public nuisance.

As an advisory, it recommends a record of discussion at the Sub-committee meeting on traffic, both vehicular and pedestrian, is taken into consideration at the SAG meeting. **SAG will not allow the event to proceed unless they are satisfied...**

Should future events not promote the licensing objectives, any party has the right to request a review of the licence should the threshold for a review be met.

As an advisory, the Sub Committee recommends that, should the Parish Council and Ward Councillors require this, the Applicant's representatives should attend a pre-event meeting with them to deal with any further concerns. After the event to attend a 'wash up' meeting to gain feedback with a view to minimising residents' concerns for the next planned event.

**In arriving at this decision, the Sub-committee has had due regard to S182 Licensing Act 2003 Guidance and the Council's Statement of Licensing Policy.**
