

FRA – 14 March 2017 – note of meeting

Attending –

Jim

Dave

Barry

Cheryl

Mandy

Emma

1. Apologies from David Heath. Emma welcomed to the meeting

2. Discussion took place relating to the Public Meeting to be held on 28th March 2017
 - Sue Saddington cannot attend as with elections coming up she is not available to be involved in public meetings and going forward she will not be the rep for our area. Sue sent letter explaining this which Dave had sent to committee ahead of meeting
 - First Port will be there
 - Parish Council will be represented
 - FRA will be represented
 - Start with introductions, explaining the roles of each of the representatives to help residents understand who does what and where different issues need to be referred – such as noise, anti- social behaviour etc
 - Dave to pull agenda together for the meeting
 - Thank David and Sue for their efforts as part of Strategy Group in pursuing recovery of funds

3. Brief update on the Lark Fleet development where 350 houses are planned with high eco credentials. Potential to impact on other house building activity but Lark Fleet happy to work with other developers which could assist residents as this has potential to restrict/remove need for construction traffic to come through Fernwood.
4. Treasurers Report – Barry provided print out of position where nothing has changed since last reported. Emma presented details of the Forest School along with a bid request for £500. The decision to support this was unanimous subject to the paperwork being received. The project is in partnership with Wildlife Trust, Nottinghamshire. Support has also been provided by the Parish Council. First Port have been very supportive in finding a good location and providing wood.
5. Joint Maintenance Group – Cheryl & Mandy to attend next meeting on Tuesday 21st March.
6. Date of Next Meeting - ????
