b. AED

S Cullum ran through what an AED is and how it can be of benefit to rural villages such as Bishops Caundle. The community shop would be an obvious location.

Explained that the AED needs a monthly check and will be added to a national list.

It is key for community engagement and a training option is useful.

Grants may be available from the Lions Club and Rotary Club on application.

Quotes needed for next meeting. CLK

5. Matters Arising:

a. Speeding SID / White Gates / Community Team

SID has been working effectively since the replacement was obtained. A. Tuffin will move every 6 weeks AT

White Gates – Still awaiting quote from DCC, clerk to follow up again (including legal constraints when using a private company) CLK

Community Team - J. Shaw has offered to be the council representative and will contact those interested with CSW. J. Shaw will contact the Speed Awareness Team to arrange training. JS

b. 20 MPH Zone

Having reviewed the document in full, this is strongly linked to pedestrian numbers, it is unlikely that the village will qualify. To remove from agenda with a view to re-visit if criteria change.
