

Looking Forward to the future

What interesting times we live in - it only seems like yesterday that we were planning for a fun packed series of village events this summer!

Looking forward, it is likely that the Pavilion shall open in the near future and we shall be holding events once we can ensure government and public health guidelines can be met. In the meantime we are looking for other ways we can get together as a village community.

Please join us on a village **'Walk to The Bell' on Sunday 20th September** – meeting up at the **Pavilion at 11.00** for a leisurely jaunt (socially distanced - lead by Rob Longden) to Aldworth for a 'drink and sandwich' - if you don't fancy the walk back please do let me know and we can arrange transport.

Once this is all over our events will commence as usual – please do let me know if you would like to get involved as a committee member – especially in the role of Secretary - as after many years of fantastic effort Bernadette Sachse has decided to step down. Please may I take this opportunity to thank Bernie for the great work done to support the village. Bernie! What am I going to do without you? – you are the most organised person ever!

Please do take care and we shall get together as a village soon.

Dave (reynolds743@btinternet.com)

URGENT - EDITOR REQUIRED

Do you have a few hours available for 10 months of the year to take over the important task of editing this newsletter?

Due to personal circumstances I need to step down from the role that I have thoroughly enjoyed for the last six years.

Being editor of the newsletter requires basic knowledge of Microsoft Publisher and a keen eye for detail. If this sounds like you please get in touch.

A full handover and training will be given and future support available.

Please contact Bernadette on moulsfordnews@moulsford-pc.org.uk for more information or to arrange a phone call to discuss.

Please wear appropriate clothing and footwear
and keep dogs on leads

Parish Council Report

After a strange summer dealing with the ever-changing 'new normal', autumn seems to be knocking on the door, with the skies grey and Storm Ellen tugging leaves from the trees. There is considerable uncertainty about what further restrictions we might face during the coming colder seasons as the nation continues to try to curb Covid-19. However, over the past few months the comment "Thank God we live in Moulsoford" or similar grateful words seem to have been very common as villagers ventured out to the open green spaces we are lucky to have ready access to.

Appreciation for our village's rural setting was also evident in the vehement response to the Friends of the Elderly planning proposal at the Old Vicarage, showing a strength of feeling for the Recreation Ground and its natural and historic surroundings. Our community's relationship with the Rec has been further highlighted as it proved a popular place during lockdown as somewhere to seek space and relaxation.

It seems appropriate then that we have now commissioned ASA Landscape Architects using the grant awarded from Councillor Anne-Marie Simpson to help us with our project to review the playground and the wider Rec. Drawing on their experience, our aim is to develop a longer term plan for replacing equipment and enhancing the Rec's environment. We will be taking into account all that we have learned during the pandemic and the FOTE planning and we are looking forwards to working with the ASA team and of course sharing possible proposals with the village community as ideas develop.

What was also clear from the planning responses was how deeply many residents cared about the loss of the horse-chestnut trees from the Rec boundary and their concerns for remaining trees and their inhabitants on and around the site, which led to their protection by Tree Preservation Orders submitted by concerned villagers. As we discovered in the planning process, Moulsoford's mature trees are formally acknowledged in planning decisions as an integral and important part of the village's character. The Forestry team in the SODC Planning office have told us that the value of Moulsoford's trees is also apparent in the disproportionately large number of TPOs in place within the parish (mostly around the two school sites and church areas). Our trees help blend the village into the landscape, offer fantastic habitats for a wide range of animal life, including a significant number of nationally rare species large and small, help keep our air clean and also boost our well-being, just by being around them. However, while TPOs are a valuable shield for notable trees (and the Forestry team confirmed it would have been able to place emergency TPOs on the lost horse chestnuts, had there been any warning signs for their removal), it's not feasible to try and apply orders to all key trees in advance where there isn't any indication of potential threats. But they would like to help us look after our trees, so have suggested that a survey to identify and log the community's most important trees would give us a great foundation for helping to protect and manage our village 'woodland', including their offering advice to landowners with notable trees. If you would like to help compile a Moulsoford tree register, or want to nominate a tree, please get in touch with Cllr. Jo Baker, who will be co-ordinating this initiative.

Improvement works to the sewage treatment plant in Underhill are set to begin in early November, with completion in February. This has a few implications for allotment holders.

Construction work will be inside a separate fenced compound for safety and security. Three allotment plots, two in use and one vacant, will go as a result. The two allotment holders affected are aware and will be relocated when the works are finished.

The other plots should be largely unaffected and existing holders may continue to work them, however access may be limited especially during working hours.

The contractors may install a lockable security gate off Underhill. We have been promised that allotment tenants will be issued with a key for this gate.

SODC will contact tenants of the garage block to make separate arrangements.

Finally, as children return to school, Cranford House School have let us know that they will be making more extensive use of the hockey field to support their social distancing logistics and would please ask villagers using the footpaths across the field to be mindful of the need to maintain a distance, keep dogs under control and please pick up after them.

My dear friends,

One thing that lock-down has not been able to prevent is my youngest daughter getting married!

We had a wonderful day on 25th July, when I had the great privilege of not only walking Tabitha down the aisle but also marrying her to our lovely new son-in-law Paul.

We were of course only allowed to have 30 people attending and we weren't allowed to sing (so we waved flags during the songs instead) but nothing could take away from the sheer joy of the occasion.

In every Church of England wedding, before the couple make their vows, the vicar reminds everyone of what the old prayer book used to call "*a holy mystery*": this is nothing to do with Agatha Christie, but rather the profound truth that marriage reflects the love that God, our heavenly Father, has for each one of us, whether we acknowledge it or not. (The Jewish style *chuppah* which Tabitha and Paul chose to have above them as they got married – *see right hand photo* – is a symbol of them making their marriage vows within the over-arching embrace of God's love). The solemn vows that the bride and groom make to love, comfort, honour, and protect the other for better for worse, and be faithful to their beloved so long as they both shall live, reflect the committed, faithful, unchanging love that God solemnly vowed to give to us.

Indeed, one of the main ways that God shows his love to each person getting married is by giving them someone special to love them and care for them. Now, because we are fallible human beings, we of course fall short of this high standard of love and often only reflect God's love in a very hazy, or maybe distorted, way, but married love – indeed *all* human love – at its best, gives us some idea of how much God loves us.

Of course we see human love at its best in the life – and death – of Jesus.

This time of lock-down has been a challenging time for all of us and particularly difficult for some. Our circumstances may have brought to the surface some of your deepest anxieties or fears, or even caused you to question your purpose in life. If that is the case, especially if you are feeling you are having to deal with these issues on your own, my great desire is that you realise that you are not alone, but that you have a heavenly Father who loves you and cares for you more than any human being can. Often, we are not aware of this, but when we begin to open our eyes and our hearts even to the possibility of God's love, our lives can be more greatly blessed than by even the best of marriages.

If you would like to explore this more, please get in touch.

With warmest regards, from your vicar,

Tel: 01491 651216 andrewpetit@virginmedia.com

Church Services September 2020

THE CHURCH HAS NOW RE-OPENED FOR SUNDAY MORNING WORSHIP

6 th September	13 th Sunday after Trinity	9.30am Parish Communion	Church
13 th September	14 th Sunday after Trinity	9.30am Parish Communion	Church
20 th September	15 th Sunday after Trinity	9.30am Parish Communion	Church
27 th September	16 th Sunday after Trinity	9.30am Morning Praise	Church
4 th October	17 th Sunday after Trinity	9.30am Parish Communion	Church

St Mary's Cholsey is continuing to hold Zoom services at 9.45am. If you would prefer to attend one of these online, please email Andrew Petit at andrewpetit@virginmedia.com for the Zoom meeting details.

Monthly Coffee Shop

Gail Slinger

The next **Village Coffee** is on **9th September 2020**, everybody put your kettles on and have a great cup of coffee or tea with a fab, fab treat in your own kitchen or even the garden.

Or you could even join us for the Zoom Coffee Gathering, so far they have been so much fun with new residents joining each month. It's been lovely to see you all.

Just send me your email address to get the Zoom link - gailslinger2601@gmail.com

Keep Safe everyone until we can all meet again in the Pavilion (in 2020 I hope, fingers crossed).

Update from the Moultsford Support Network

Bernadette Sachse

Requests for help via the Moultsford Support Network setup in response to the Covid crisis have now ceased coming through to the group which I hope is a good sign that things are starting to get back to normal and people are becoming more confident with visiting shops, pharmacies etc.

Support in our wonderful Moultsford community will however always be available and going forward if you need assistance of any kind please contact us via community@moultsford-pc.org.uk and we will be sure to help you.

I would like to take this opportunity to thank all of the people who put themselves forward to join the network and helped so many of our friends and neighbours when it was needed. Over 130 individual requests were fulfilled.

Planning Applications & Decisions

Moulsford News and Planning deadlines invariably mean that the planning information above is out of date by the time of reading. For a current view of planning, please visit the online planning portal here: <http://www.moulsford-pc.org.uk/community/moulsford-15214/planning-tracker/>

P20/S2974/DIS Cranford House School Road Running Through Moulsford Moulsford OX10 9HT	Discharge of condition 9 - surface water drainage on application ref. P16/S4099/FUL Extensions and alterations to school buildings to include extensions to the Junior School and STEM centre. Finally, we have been able to start our harvest. In our case we have done two crops. The first one being a high quality, milling wheat for the bakery trade. The other being biscuit trade. Our yields are down between 15 – 20 % due to the very hot dry spring we had this year in the South of England.

By the time this newsletter is delivered we would have harvested the peas (these are being grown as a seed for human consumption) next years' planting and the Spring malting barley. Again, I'm not too excited in the yield, hopefully will reach good grade standards though.

We have had a good few times, pulling out the Ragwort around the farm and little is left. Noxious plant, highly poisonous to ruminants, specially, when dried out.

We had rather a sad occasion on Wednesday 5th Aug in the morning, where we found a young Roe deer fawn, which had been killed by a dog out of control. We believe this must have been from a walker as we have no evidence of hare coursers being in our area and they would usually have taken a deer away. Please can I urge all walkers with dogs, if you do not trust your dog please have it on a lead while in the country. With the corn cut, hares are in evidence and I witnessed a dog recently chasing one.

We look forward to a bit more normality this Autumn, what with Covid-19 and the distancing from friends.

Keep safe, enjoy your walks.
