

BOYTON CHURCH HALL

ANNUAL REPORT 2023

Our Church Hall continues to be well used. Regular features are the fortnightly coffee mornings, table tennis, skittles and Parish Council meetings in addition to Church fundraising functions and other one-off events.

Although the hire charges are deliberately kept at a modest level, the Hall breaks even taking one year with another. When it comes to repairs and improvements, the Hall Committee inevitably has to look elsewhere. The Committee is most grateful to the former Wind and Solar Fund Committee for its support over many years. The most recent project to enjoy the Fund's approval is the maintenance and upgrading of the electrics which will be carried out in the late spring.

The Hall Committee much appreciates all the excellent work undertaken by the Hall Manager, Gerd Willetts, whose dedication to the Hall is second to none.

The Hall is now more than one hundred years old but it has adapted uncomplainingly to modern conditions while retaining a degree of old world charm and continues to serve a vital community purpose as well as it has ever done.
