AGENDA ITEM 10 - PLANNING MATTERS - Planning Other						
	18/01/21	All Weather Path	Update	In	Mr Maskell	"Good morning Parish Clerks and Councillors, belated New Years greetings to you all and I hope everyone is well. FAO Symondsbury. Further to my letter of 14 Dec. has anyone been able to establish the ownership of the thin wooded area West of the London Inn car park? This is important. As I said in that letter if I could get support, in principle, for the project from the owner I would then be in a position to write again to the Marsh's with something more positive. FAO both PCs. In that same letter I also asked if someone was able to ask Dorset Council if access across the car park at the entrance to Quarr Lane would be a problem. I do not know which PC this car park is in and is another question raised by Mr. Marsh. I have a feeling that the Marsh's are not going to support this project and have been thinking about an alternative and that would be to utilise Quarr Lane and Shute's Lane. Accepted that this is less direct, but, I cannot see another solution. It would mean bringing the section beyond the metalled part of Quarr Lane up to an acceptable standard and, possibly some improvement to Shute's Lane. However, taking out the costs of having to acquire the land, surveys etc. the idea could have some merit. In which PC is Quarr Lane?"
	18/01/21	All Weather Path	Resp	Out	Mr Maskell	"The car park area to the east of Quarr Lane is in Symondsbury parish. I have looked at the Dorset Explorer map online which indicates that Quarr Lane is in Symondsbury Parish, though I thought that the lane was the boundary between the parishes?"
	23/12/20	Hell Lane	Resp	In	Symondsbury PC	"Sorry for the delay in getting back to you. I have left this with my councillors and offered them the meeting in January. We are at present investigating whether Hell Lane should be re-designated a bridleway and not an unclassified road. "
	18/01/21	Hell Lane	Resp	Out	Symondsbury PC	"Do you mean Shutes Lane not Hell Lane, as Shutes is in your parish and Hell is in mine??"

	06/01/21	Playground Inspection	Update	In	Ken Hussey	"I have carried out the inspection at Clapps Mead today. There are no significant issues that require immediate attention and you will receive the written report in due course. The current Covid 19 guidance signage is sufficient."

AGENDA ITEM 13 - DCC HIGHWAYS AND FLOOD MANAGEMENT							
	11/01/21	Gritting of County Roads	Req'st	Out	Cllr Christopher	"I would be most grateful if you would investigate the current gritting arrangements for the Bridport area. Specifically •Where is the grit for this area stored ready for use •Where do the gritting vehicles come out from? Hopefully not Charminster as the A35 between Dorchester and Bridport is often impassable in bad weather. I have checked with Connect and the A35 Trunk Road is their responsibility."	
	12/01/21	Gritting of County Roads	Resp	In	Cllr. Cherry Brooks Lead Member - Highways	"The procedure is that grit is stored in Charminster and the gritter from Bridport will collect it from there. The A35 is the responsibility of Highways England, but we do carry out works on their behalf. We store 200T of grit in Bridport in case of really bad weather, which would normally last 2-3 days. I hope that answers your questions satisfactorily. "	
AGENDA ITEM 14 - CONSULTATIONS							
	19/01/21	Dorset Council	Resp	Out	Climate Emergency Strategy and Action Plan	The following response was submitted. "Chideock Parish Council strongly endorses the response from Bridport Town Council, with the important caveat that most small parish councils do not own or rent premises and are therefore very limited in terms of direct action which can be taken by the parish council itself."
