To note the comments submitted to Wealden District Council under delegated authority for the following application:

- iv. **WD/2023/0279/FR East Bridge, North Hall Lane, Fletching TN22 3SA**

Retrospective application for the replacement of an agricultural barn on the same site as existing barn. (Comments submitted on 16 March 2023)

The application is for the replacement of the old barn. It is not exactly like-for-like as although it is to be built within the old slab, it is not an identical footprint. The new barn is a bit smaller (in area; 109m² as against 113m²) and the roof line is lower (max 3.2m as against 5m). It will still however provide for 6 sheep pens together with storage area. It will be of timber construction with a corrugated roof. Use will be for the keeping/sheltering of livestock and storage of bee keeping and other farm equipment. The site is in the AONB and therefore, it is important that the height of the barn is not intrusive in the landscape - which it is not. The Parish Council SUPPORTS the application.

13. PLANNING APPLICATIONS - DECISIONS

To note the planning application decisions from Wealden District Council received since the last meeting:

Applications Approved

- i. **WD/2022/2634/F + 2635/LB The Old Lodge, Mill Lane, Fletching TN22 3SR**

Conservation and upgrading of outbuilding (carpenters' workshop, garage and storage shed) with construction of swimming pool and associated works. (APPROVED 8 March 2023)

- ii. **WD/2020/0751/F Batts Bridge Paddocks, Down Street, Piltdown, TN22 3XU**

Addition of hay barn and machinery storage, upgrading of internal access track to existing buildings, extension of existing hardstanding, field shelter, and residential accommodation (mobile home) to facilitate ongoing care of livestock. (APPROVED 27 March 2023)

Response to Parish Council: The proposed stables are considered to be appropriately sited given the extant position and this is set out in detail within the main body of the report. The design is

appropriate for their function and would not be visually harmful to the locality.

The proposed mobile home has been carefully considered by the Council in conjunction with the Council's Rural Surveyor who concludes there is a functional need and that this can be controlled through condition.

Variation of condition 3 of WD/2020/1754/F. Alteration of the new irrigation water storage tank.
