To appoint a councillor in charge of Footpaths and Lengthsman.

The Parish has many footpaths which need maintenance throughout the year. Copies of the footpath maps can be found on the <u>website</u>.

The Lengthsman is employed by HCC and the scheme enables a lot of the maintenance work to be completed annually. (<u>Contract</u> / <u>Process</u>.)

The annual schedule was approved by Council in October 2021 and can be seen as agenda item 21 b for this month.

- 1. <u>A councillor is required to handle the administration of the Lengthsman task sending /</u> <u>checking with Stockbridge PC Clerk, and to check at month end that the tasks have been</u> <u>completed.</u>
- 2. <u>Reports should be made on the HCC Footpaths problem tracking tool.</u> (<u>Public Rights of Way View Path Problems and</u> <u>Structures (esdm.co.uk)</u>) and monthly status reports should be brought to council meetings. (A written report <u>as an agenda paper is easiest.</u>)
