Now an 'Issue'

The following notice was issued recently.

SUMMER FIXTURES

After endeavouring to find players for the first fixture of the season, it became obvious that we would not be able to fulfil our commitments not just for the first game of the season, but for all that had been arranged. It is with regret, therefore, that we have found it necessary to cancel all matches for the Summer 2022

Consequently, there have been several objections and criticism of this course of action having been undertaken.

One of the underlying principles for the majority of fixtures is that they are reciprocal, and clubs endeavour to comply with this rule, only in exceptional circumstance failing to do so.

Clubs also require usually 7 days notice of reduction in numbers attending/cancellation of the game (rising to 14 days notice for some clubs next season) with resulting, and not insignificant, financial claims being made for loss of income by that club, if conditions are not met.

In respect of the first match – away - this summer, a decision was made on the 7th day when there was not even 1 team signed up.

Why the other cancellations?

Briefly, the match lists had been up for some weeks. Two days trying to recruit players for the first game, from those in a league and roll ups, produced no interest of even a wish to play in a match, and recognition of the pre-covid situation with falling participation, were main issues considered. A very bleak outlook with little hope of any major change.

To some comments, it can only be said that expecting someone to chase after players should be an exception rather than considered as a normal procedure to be followed.

TRUE – TO RAISE A SMILE

After every flight, UPS pilots fill out a form, called a 'gripe sheet,' which tells mechanics about problems with the aircraft. The mechanics correct the problems, document their repairs on the form, and then pilots review the gripe sheets before the next flight.

Never let it be said that ground crews lack a sense of humour. Here are some actual maintenance complaints submitted by UPS pilots (marked with a P) and the solutions recorded (marked with an S) by maintenance engineers.

By the way, UPS is the only major airline that has never, ever, had an accident...

REMEMBER TO KEEP YOURSELF SAFE

As we are still hearing of members going down with Covid, it does seem sensible to take reasonable care when you visit the Centre over the summer.

We therefore kindly ask you to still:

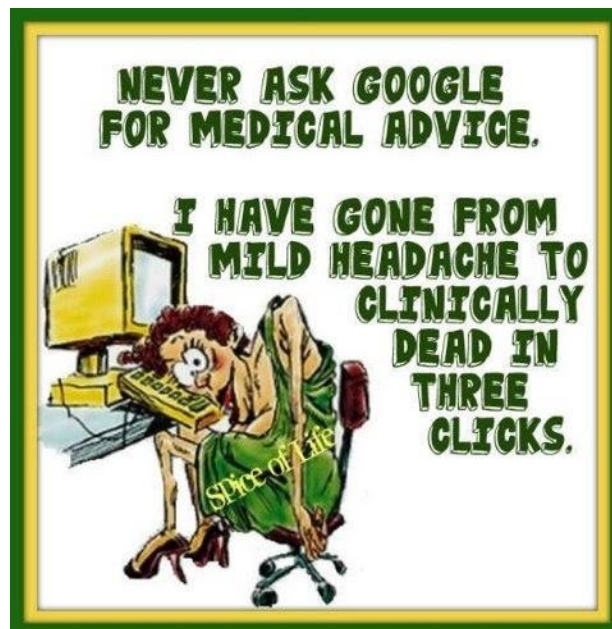

- not to turn up if you have any symptoms or feel unwell
- to continue to take your temperature on entering the Centre and before entering the cloakrooms or any other facility
- use the gels provided
- think carefully still about personal contact - 'Fist bumps' are less risky than handshakes - your choice and
- retain social distances as far as possible throughout your stay.
