Updates:

1. Sarah Whitaker was elected as chairman for the Working Group.
2. The advert for the survey was reviewed and a few small amendments would be made before seeking approval from the Parish Councils.
3. The draft questionnaire was discussed and some additional questions added. The final version would be considered by both Parish Councils in their November meeting.
4. Farm vehicles that travel along Heathman Street and Farley Street are up to 3.5m high & 2.9 metres wide. Farmers had noted that parked vehicles and overhanging vegetation create difficulty for the farm vehicles to bypass currently.
5. If some stretches of road were considered especially narrow these would be measured.
6. The PTA of the school would be contacted and asked if they wanted to specifically ask the Parish Councils for assistance with contributions towards any projects they had for safer travelling for children.

7. Date and time for the next meeting – Thursday 26th November, 7.15pm.
