1. Introduction and welcome from Cllr Imogen Liddle as Chair of Ludford Parish Council
The Chairs report was read out by Cllr Liddle (copy of the report to be added to the website) where she thanked all the Councillors and the Clerk for their efforts over the past year and spoke of the business that had been conducted by the parish Council over the last 12 months.
2. Communications update by the Clerk
 - The Ludford Parish Council Website was now working and the Clerk hoped to add more content over the next year and welcomed content from other organisations.
 - GDPR would be in place on 25th May 2018 and meant a few changes for how the Council operates and some additional Notices and policies to be put in place. All details would be available on the website
 - A more sustainable approach to meetings needed to be adopted and the Clerk would look at options and add them to the next years Agendas for discussion
3. Public open Forum – no matters were raised on this occasion by members of the public as none were present. Councillors recognise this as a major problem and will strive to make the Annual Meeting of the Parish (giving local residents chance to put their ideas and worries forward to the parish Council for consideration over the forthcoming year) a priority.
