<b>AGENDA ITEM 5 - COUNTY COUNCILLOR AND POLICE REPORTS</b>							
1A			Report		PCSO Bishop	<i>"At this time we are still not offering face to face engagements, so I will send apologies and a report as follows, though there isn't much to report anyway. Fortunately there is little in the way of crimes to report over the last month. However, I would like to advise residents that we have seen four thefts of quad bikes over the Beaminster patch during the summer months and I advise you to be vigilant, particularly if you own a quad bike. Please review your security and if you would like further security advice, please contact me. Please also be vigilant with any suspicious activity and contact us on 101 (or 999 if you believe a crime is being committed). You can also report incidents that have already occurred on <a href="http://www.dorset.police.uk">www.dorset.police.uk</a>."</i>

Potential space issues in the only "green box" in Chideock are also being investigated."

9	06/06/20	Chris Loder Communication with CPC	Phone call	In	Chris Loder	The Clerk received a phone call at approximately 5 pm on Saturday 6 June. Chris Loder complained at the number of non COVID related emails received from CPC. The Clerk asked him to put his concerns in writing for accurate transmission to councillors, something which the Clerk always requests when given information verbally..	
10	09/06/20	Chris Loder Communication with CPC		Out	Chris Loder, from the Clerk	"When you rang me on Saturday 6 June I asked you to e-mail me a summary of your concerns re Chideock Parish Council, which you agreed to do. To date I have not received this which puts me in a very awkward position with my councillors. I know that you are busy but this is very important both for me as Clerk and for the Parish Council. In future please do not ring me about such matters - a written communication ensures correct transmission of information, a phone call does not."	Sent to all
11	11/06/20	Chris Loder Communication with CPC	Resp	In	Chris Loder	"I said I will email - and I will so you should not be in any awkward position - but unfortunately, we have other matters that sometimes have to take priority. You did not say on the call that you did not want to speak, but from now on, I will assume that Chideock Parish Council does not wish to have 121 discussions about their business matters."	Sent to all
12	14/06/20	Chris Loder Communication with CPC	Resp	Out	Chris Loder	"My request was that you put your concerns in writing so that they could be accurately communicated to the Parish Council. This is my standard approach whenever I am given information verbally. Of course the Parish Council wishes to have discussions with you about their business matters. This cannot, and should not, be achieved by one to one verbal discussion with the Clerk."	Sent to all
13	23/06/20	Chris Loder Communication with CPC	Reqs't	Out	Chris Loder	"Please read the attached letter from Cllr Vanessa Glenn, on behalf of the Parish Council. 18	04/06/20	Poor West Dorset Bus Services	Resp	Out	Chris Loder	"Chideock Parish Council has not attempted to directly engage with the service provider (First Wessex). However, the Western Area Transport Group (WATAG) has and is engaging with the service provider and Dorset Council on the many issues around the lack of rural bus services in West Dorset. 37	24/08/20	Bridport A35 Working Group purpose	Resp	In	Will Austin, Bridport TC	"As I understand it the group was originally established by Sir Oliver Letwin to look at issues relating to Miles Cross, but developed to look more broadly at anything affecting the A35 on the stretch from Axminster to Dorchester. Miles Cross still features heavily as it is critical to the Vearse Farm residential development, but with time the remit seems to have developed to be much wider – covering both major strategic issues and some quite local ones. I believe part of the rationale was that although town and parish councils have good relationships with Dorset Council regarding most roads in the area, there was no established forum for liaison between Highways England and local communities. In setting up the group I think Oliver recognised the potential value of a stakeholder meeting of this kind which would bring together DC, HE and the local community. Our notes of the current format of regular meetings go back to 2016 but I think the group may actually have started in 2007, initially on a more ad hoc basis. It's not our meeting - we simply administer on behalf of the MP. I'm acutely conscious that it's not something Chris Loder established so he hasn't yet got the same level of ownership, but I'm sure if it remains as constructive as it has been previously it will continue to meet three times a year as was the case under Sir Oliver." 52		All Weather All Purpose Path Chideock - Symondsburry or Eype	Report		Clerk	CPC has written to Dorset Council and Chris Loder re the need for such path. Mr Maskell, Chideock resident, is lobbying various bodies on the same matter. CPC strongly supports the concept and Mr and Mrs Coates of Chideock Manor have indicated willingness to allow it to cross Manor land to the north of the A35 from the Park Farm entrance to Quarr Cross. Symondsburry PC has been asked to help regarding the stretch from Quarr Cross to the London Inn, which is in different ownership. A route south of the A35 has not however been ruled out at this stage. The Clerk is attempting to determine the process to be followed to obtain such a pathway.
