8043/21 Minutes

It was RESOLVED that the minutes of the meeting held on Thursday 21 January 2021 be approved with the removal of the sentence under 8036/21 b. PROPOSED: Cllr Mrs Clucas SECONDED: Cllr P Nightingale and AGREED.

8044/21 COVID-19

- a. It was NOTED that the Health & Safety Executive has visited the Parish Office to check for COVID compliance and they were satisfied with the Risk Assessment and measures being undertaken.

8045/21 Planning

a. Applications

SE/21/00199: Pettings Court, Hodsoil Street, TN15 7LH – Demolition of existing outbuildings and the erection of a two storey side extension, extension to basement, associated landscaping, new porch and alterations to fenestration. Cllr F Cottee PROPOSED that The Parish Council objects to the proposed application on the basis if its harm to the Green Belt.

It is appreciated that the applicant has slightly reduced the area of the proposed development compared with previous application SE/20/03225. The claimed area increase is now 42%, based on only the ground floor area of granted application SE/20/01371 being taken into account. However, SDP Policy GB2 states that this is only permitted where the basement area is no greater than the original building it is replacing. The applicant's own calculations show this not to be the case and therefore the entire permitted Annex must be included, leading to an area increase of 61%, well over the 50% stated in Sevenoaks' Green Belt policy. The house is on a very sensitive site in the Green Belt as it can be seen from a great distance along the North West-South East valley in which it lies. The visual impact of the proposed works would therefore be greater than implied by the area calculation, as the South and West elevations would still be dominated by the terracing despite their reduction in area compared with SE/20/03225.

Therefore, the bulk of the proposed works would have a major impact on the Green Belt.

Should the application be granted, we request the removal of Permitted Development Rights to prevent further intensification of development on the site. In addition, we request a long-term landscaping plan to include trees to break up the impact of the building on the landscape. **SECONDED:** Cllr M Brown and **AGREED.**

SE/21/00386: Vineyard Cottage, The Street, Ash, TN15 7HB – Proposed demolition of existing rear projection and construction of new single storey rear extension. Construction of new single storey gym on rear of existing garage. Cllr Mrs Connell PROPOSED that the Parish Council objects to the proposed development as Vineyard Cottage is in the Greenbelt. The proposed development would exceed the 50% limit of the original dwelling as it was before the extensive two storey extension granted and built in 2003, along with a garage and the conversion of the third storey to living accommodation.

The proposed development would be a significant increase in bulk, and mass and would result in over development of the site. **SECONDED:** Cllr S Glover and **AGREED.**
