

## Whitchurch Rural Parish Survey

### What is the Parish Council?

The Parish Council is the lowest tier of local government established to represent the local community, to deliver services to meet local needs, and to improve the quality of life, and community well-being. Full details can be found on our website:

[www.whitchurchruralparishcouncil.org.uk](http://www.whitchurchruralparishcouncil.org.uk)

### Introduction

Your Parish Council invites you to participate in this survey which aims to seek out local issues and concerns and to gather ideas how things may be improved. In addition, it will support our desire to get best value out of the parish budget for the benefit of all residents, within the confines of central government and Shropshire Council ruling. Through this survey, Parish Councillors aim to get a better insight into what the residents would like to see from the Parish Council. The information will be used to develop the Strategic Objectives for the Parish Council for the next four years.

This survey was delivered to each home and is now only available on the parish website. You are welcome to submit your views digitally at any time by completing a paper copy and scanning it or photographing it.
