— GROUP A —

Fixed Jack

A golf tee is placed in the centre of the rink 6m from the ditch. As second golf tee is placed 25m from the other ditch. The Jack will be placed on alternate tees. The game will proceed with alternate long then short fixed Jack with the front of the mat 2m from the rear ditch. If the Jack is moved from the tee it is replaced. If a wood prevents the jack being replaced then the wood will be moved the minimum distance so the Jack can be replaced on the tee. If the game is tied an extra end is played. **Scoring:** Shot wood 4 points, 2nd wood 3 points, 3rd wood 2 points, 4th wood 1 point. 10 points per end, with both sides able to score. If two or more scoring woods are equidistant from the jack then the relevant points will be shared. The player with most points has the mat at the next end. If the end is tied with 5 points each then the player who had the mat at the previous end keeps it.
