**Re: Amendment No 4 – HS2 Phase 2a Bill**

Dear

I write to respectfully request your support for Amendment No 4, proposed by Lord Rosser, to the HS2 Phase 2a Bill when it proceeds through the House of Commons in the very near future.

Although I do not live in your constituency, I appeal to you on behalf of all constituents who will be affected by HS2 construction traffic for up to 10 years and / or derive no benefit from HS2 whatsoever.

Thousands of people will suffer from this blight all the way along the HS2 construction route, including Woore Parish in Shropshire, whom I represent as Chairman of the Parish Council.

The amendment gives these people a chance to have their opinions and views heard and enables democracy to be enacted.

Thank you for your attention.

Yours sincerely

*M.E. Cowey*
