Details

TT odour// For the last couple of weeks or so, there has been a vile TT odour either driving past the site, drifting towards Misson or drifting towards Bawtry at varying times of day and night.

Thursday 16 May - vile stench from TT this morning at site & towards Bawtry, and return to Misson 2.30pm & stench in to village.

Complainant rang to say the smell from above was bad. He says he's having to wash his clothes all the time, has a constant sore throat etc.

Wed 29 May - vile TT odours mid afternoon driving past site to Bawtry, still stinking at 4.30pm.

Assume it is Tunnel Tech absolutely stinking at the moment Once again I have to close all our windows.

Thurs 30 May - horrendous TT stench most of day in village & shopping at Misson Mills.
