## Appendices

**Appendix A - Draft Minutes of the Parish council meeting**

**Draft minutes 27<sup>th</sup> October 2022**

**WINTERBORNE ST MARTIN PARISH COUNCIL**

There were 8 members of the public present.

Councillors: Mark Pemberton (Chair) (MP), Karen Delafield (Vice chair) (KD), Dave Read (DR), Deborah Follett (DF), Richard Eversden (RE) and Martin Usherwood (MU)

*The meeting was recorded to aid the Clerk with minute taking.*

### **Election of the Chairman**

*The Chairman made a prepared statement explaining why he was resigning.*

*Cllrs Read and Usherwood asked Cllr Delafield to take on the role, she declined as she did not believe she had the confidence of all the members. The Clerk asked all Cllrs individually to stand but all declined. The Clerk asked Cllr Pemberton to consider re-standing, he reluctantly agreed given the current position. Cllr Pemberton made a prepared statement prior to agreeing to stand for election as Chair.*

*Cllr Pemberton's agreed statements are available from the Council's records.*

*Proposed Cllr. Usherwood and seconded Cllr. Eversden. Cllr. Pemberton was re-elected 4/5 Cllr. Read abstained.*

### **Public period for comments on issues on the agenda – 3 minutes per speaker**

Three questions were raised by a member of the public

1. Why did the Parish Council decide to undertake the clearance of the stream as this has previously been undertaken by the riparian owners and volunteers? Decision was taken over the last two Parish Council meetings to mitigate the risk of flooding in the centre of the village. This was a democratic decision made by the council in the interest of the safety and well-being of the whole village and in the light of the lack of maintenance support from Dorset Council.
2. Concern raised over possibly using CIL money for stream clearance rather than the council's reserves. No decision on payment funding had been made and will be dealt with in matters arising 27/10 - 3
3. Which powers will the council use to justify the proposed spend on the repair of the Washing Pool which is not a parish council asset, without the relevant powers may not be legal? The Parish Council was minded to take the lead on this given the child safety concerns raised. Dorset Council has previously made it clear that the Parish Council is responsible for the Washing Pool in perpetuity. the Parish Council has not committed to spend any money at this time and is still awaiting advice from Dorset Council. The Council agreed to send the member of the public a copy of the original letter from Dorset Council. Those members of the public present were asked what they thought of the Parish Council taking responsibility for the Washing Pool. The Washing Pool was commented upon as a great historic asset to the village and should be maintained.

Another member of the public raised her wholehearted thanks on behalf of herself and 4 neighbours, none of whom were riparian owners, for reducing the risk of flooding to their homes.

### **Reports from Dorset Council Councillor and Police Liaison**

#### **Dorset Councillor Tarr**

Sent his apologies and asked the Council to note

Dorset Council is still considering their role in mitigating flood risk from the South Winterbourne.

Work is still not complete on the Maiden Castle cycleway and is only intermittently open. This will remain the case until December. Members of the public are asked to stay off the cycle path when repair work is being undertaken. Concern was raised by

the council over the continued delay. The path has been closed for over a year.  
Action Clerk to write a letter to Dorset Council as the closure order has now expired.

Payment authorisation delays needs to be addressed as Cllr Daw is struggling to authorise, at present Cllr. Usherwood is authorising all payments. It was agreed Cllr Read would take over Cllr Daw’s role. Cllr. Read’s bank authorisation will be increased to cover electronic authorisation.

Cllrs Read & Usherwood suggested the South Winterbourne was not a chalk stream but a Winterborne. Cllr Delafield responded the stream whilst a winterbourne was a registered chalk stream terminology to be clarified. Action KD

Was the stream clearance in the budget. Whilst raised for the budget plan for 22-23 the Council did not include it in the budget as the aspiration was DC would take action

Mrs Brimicombe has been appointed as the new Clerk. She will start on the 1<sup>st</sup> of November and will shadow the current Clerk for one month.

A brief statement of the budget was made pre the November Parish Council budget statement regarding both the CIL and councils reserve levels. The issue of funding stream clearing was raised as the costs are not in this current year's budget. It was agreed that the cost will be covered by the Parish Council reserves rather than CIL. Proposed Cllr. Usherwood, seconded Cllr. Follett approved. Voted 5/6 and 1 abstain.

Discussion on the Parish Council role in stream clearing, how the council looks at measures to ensure riparian owners, including DC, undertake the stream clearing in a timely manner. It was noted that DC had reported little success in riparian owner enforcement.

#### **27/10 – 4 Co-option and election update**

We may expect an unconfirmed CIL payment in April 23 for the remaining four houses.

This could be confirmed in the village survey. The whereabouts of the millennium tree is to be confirmed. Cllrs agreed to plant a tree for this celebration, 4 For and 3 against, item agreed. Costs of trees and location to be sought.

The survey asked respondents where they believed the Jubilee tree should be planted. The overwhelming majority, 48, said the village green, whereas 16 respondents suggested 10 other various locations.

### Appendix D – Flood report

1. Only in the last week have ground water levels at the borehole started to rise rather than fall, we are now a metre higher than last month, but still historically low. We have had rain for some time but this appears to take some time to percolate through as ground water.

2. The South Winterborne is still very low for the time of year but there is now some discernible flow in several places. It appears the flow which is often muddy is in the main surface run-off and given the low groundwater it seems unlikely the stream will be receiving much water from the chalk aquifer as of yet.

3. It is interesting to note that Maiden Newton is now under EA flood alert, the stream depth in the village moved from low to above high on one day, 15 Nov, a rise from c 30cm to 1250cm in a few hours.

4. I have received a concern from a villager about the overgrown state of the stream exiting the village beyond the pump house and the eddying effect this is having on water exiting the residential areas. This has now been cleared by the land owner.
