

Basingstoke District Association of Parish and Town Councils
AGENDA FOR MEETING

Date: 15th October 2015

Time: 7:30 pm

Place: Basingstoke & Deane Borough Council Civic Offices, Training Room B, Deans Building, RG21 4AH

1 Matters arising from the last meeting on 9th June 2015.

2 Apologies for absence.

3 PLANNING: How can we stop new houses in areas that BDBC and our communities have rejected? Since the planning inspector rejected the new strategic plan for Basingstoke our old plan has expired. The void of adopted planning policies has allowed developers to get planning permission in areas that BDBC and our communities have rejected. Come and hear Mike Townsend from the Planning Team explain the situation and find what your Council can do in partnership with BDBC.

4 LITTER: Many councils have noted an increase in littering in rural areas. Alan Tully of BDBC Operations Team will discuss what your Council can do in partnership with BDBC.

5 SPEEDING: If you have a Community Speed Watch team please try and send a representative so that we can share best practices. If you have a speeding problem and want to know how others have used CSW to work with Hampshire Police - this meeting will help your Council.

6 DEVOLUTION: We will also discuss the proposal from all 15 local authorities in Hampshire to create a DEVOLVED area with similar powers to London or Manchester.
