

# **Lordsfield Swimming Club**

## **Lone Worker Policy**

**The Club operates a strict no entry to the pool premises policy for lone individuals.**

Should there be an accident to an individual or they be taken ill or fall into the pool and get into difficulties, a second person would there to help/ call for help.

**This is to comply with Health and Safety.**

Please ensure that:

- You take someone with you should you need to enter the pool premises.
- Pool Rescuers and First Aiders for any given session should wait at the gate for another volunteer before entering the premises.
- Club members and volunteers not on duty for the session should wait outside the gate, while the equipment is set up for the session.
