Comments

The Parish Council has general comments:

The Parish Council appreciates the adaptations in the newly submitted documents; the pergola has been removed from the plan and the commitment to remove the tables from outside on the pavement. We are pleased to see that Fullers will be ensuring their delivery vehicles will be of the right size to access the gate at all times. We request that a suitable surface is installed on the route from the delivery vehicle to the cellars so that deliveries can be completed considerably with respect to noise. We appreciate that the external covers have been reduced from 218 to 186. Please ensure that the lighting respects the local environment.
