

# MONTACUTE'S AUTOMATED EXTERNAL DEFIBRILLATOR INFORMATION.

**Did you know Montacute has its own DEFIB?**

## **Where is it?**

*In the Phone Box on The Borough.*

## **How do I gain access to it?**

*In an emergency dial 999, state the postcode of where the DEFIB is kept- You will be given a code to open the cabinet and an ambulance will be dispatched*

## **What is the Postcode?**

*It is **TA15 6XB** Take a note, keep by your phone, it is also displayed in the phone box*

## **Is it easy to use?**

*Yes, very, once switched on it will guide you through exactly what you need to do and remember because you have already dialled 999 for the access code an ambulance is on its way.*

## **I would like to know more....**

***Great!***

If enough villagers are interested (about 16) a 2 ½ hr course will be held in the Village Hall on a Saturday in October or November.

It is a free course that covers basic CPR and will give you the chance to familiarise yourself with and become confident in using the DEFIB

For more info or to register for the course please contact:
