

# A BOULES COURT FOR WEST MEON

## Where will it go?

On the Recreation Ground, near the Pavilion, just to the south of the existing basketball court where it will complement the other sports activities: football, cricket, basketball, table tennis, keep fit and children's play.

It will be good distance away (over 48 metres) from the ends of the gardens of the nearest houses

## What will it be like?

A flat rectangle of gritted land surrounded by a very low wooden kerb; a 3.25m deep spectator area on the north side; some landscaped grassed banking to join the pitch area to the surrounding area and a wicket fence enclosing the entire Boules area.

Most of the time it will be occupied by small groups of family and friends playing friendly matches or matches on leagues organised by the Boules Club.

From time to time there may be tournaments involving a series of games between multiple teams of players

Plan of West Meon showing the location of the Boules Court

*A recently completed Boules Court in Hornsey, London, very similar in detailing to that being proposed in West Meon.*
