IN YOUR AREA INTERACTIVE MAP

You can use our interactive map to **view the HS2 route through your area** and find information about current and planned construction works.

Our map brings all of our works notifications together in one place.

Each work item, highlighted on the map with a 'hard hat' icon, lets you know:

- the location and planned duration of the works
- which contractor is delivering it, and
- what kind of activity they are doing, e.g. setting up a compound or an archaeological dig.

You can easily see any other works we might be doing nearby, also pinpointed with an icon.

You can find the HS2 interactive route map online at www.hs2.org.uk/in-your-area/map
