| White Lane | Clerk - Chris Pottinger | 01256 780136 | chrispottinger@live.co.uk |

- If internet and phone communication is lost please ensure that neighbours who may not have a mobile phone have all that they need.
- Please remember to use the salt bins which are located on some of the most tricky areas of the road. These are intended for the public highway and **not for private use**
- Please ensure when travelling by car in extreme weather that you have a mobile phone, shovel, blanket and ideally a torch with you. The local radio stations are the best way to keep informed of traffic and local travel conditions.
