Weston Village Hall 2021

Due to the continuing national pandemic Public Health England & Government recommended restrictions the Weston Village Hall must remain closed at this time.

The hall continues to be regularly maintained and the guidance reviewed and will re-open with Covid Secure provision in place.

Some of you may have noticed that we have beautiful new oak front and rear doors and we will soon be installing a new PA and hearing loop system. These were made possible due to the fundraising efforts as well as the recent Local Improvement Scheme and Co-Op Community Champions grants.

We look forward to welcoming you all back to the hall, holding regular community social events & private hall hire as soon as this is permitted.

As restrictions allow, please look out for posted event advertisements on the parish website at www.westonparishnotts.org.uk & notice board & bus shelters.

WESTON CLOTHING BANK

This continues to be a success and this year's income since April 2020 has so far totalled £249.

Monies raised help support Village hall running costs as well as allowing donations to local charities.

Please continue to donate your unwanted clothing, shoes, handbags, towels and bed linen (not quilts) into the clothing bin which is situated at the front of the Weston Village Hall.

Thank you.

Weston Broadband

The Parish Council have received several complaints about the Broadband in Weston, both in terms of speed and reliability. In an effort to address these, the council have, in conjunction with NCC Broadband Engagement Officer, approached Openreach with a view to installing Fibre to the Premises (FTTP) in Weston. This would result in not only reaching Gigabit speeds but also increasing the reliability of the broadband in the village.

At the moment, Openreach are putting together a budgetary figure for installing FTTP in all the Weston premises served by the Sutton on Trent Exchange. Once this is known then we will be providing more information to residents so that you can make a decision if you would like to partake in the scheme.

The Gigabit broadband voucher scheme is worth £1500 for each person and £3500 per small and medium sized business that signs up to receive the upgrade. At the moment Nottinghamshire County Council are matching this, meaning that each person and business could be worth £3000 and £7000 respectively.

If you want more information, contact the co-ordinator, Glyn Francis on 07792326912 or see the Weston Parish website.
