

# *Devon County Indoor Bowls Association*

## **Website Report** **for Exec Meeting 29-Jan-2024**

It has been very much “business as usual” since the September-23 AGM with no issues to report.

The Web-site remains an information-base for a wide variety of topics, as well as an up-to-date source of the current status of league standings and competition draws and results, and so on.

The Notice Board continues to provide a summary of current matters both in terms of bowling information and under a separate grouping, administrative information, with advice as to which tabs give access to downloadable detailed supporting documentation.

From February 1<sup>st</sup>, administration of the DCIBA web-site will pass to Gary Hitching (Torquay United IBC Secretary) and I trust that the Executive will endorse this “change of ownership”. Gary, like myself has a comprehensive IT background, and the web-site will be in good hands.

My late wife Sue created the DCIBA web-site in 2015 and ran with it till early 2018, at which point I took it on. I am grateful to all those who have made contributions over the years, and appreciate the support we both received.

I wish the Association well going forward, and will of course maintain an interest on an ongoing basis.

**David Butterworth**
