## *The Walks*

*In the shop and in the café telephone box there are copies of leaflets describing walks in the countryside around us. The favourites among ourselves and our visitors are the old railway line, Old Winchester Hill and the Southdowns Way, all marked on the OS maps. These are also for sale just inside the shop door.*

*East Meon with its Doomsday church, Exton, Warnford and the rest of the Meon valley are within easy walking distance.*

*A seven mile walk up to Winchester Hill and along the Southdowns Way to Exton and The Shoe for lunch; back by the disused railway line.*

*Finally please do come again. The Meon valley is very special and we want to share our good fortune of living in it. Yes January and February can be a bit bleak but for the rest of the year we have the Downs, the beach hangers, the river, the chalk streams and the fields. We also have ready access to the wonders of Portsmouth Historic Dockyard, Uppark House (measure up the incredible restoration after the fire), gorgeous Alresford, Chichester Theatre (eat your heart out West End), Winchester Cathedral, Meon Springs Fly Fishing and on and on.*
