

Changes to itemised Income and Expenditure/CIL Receipt & Expiry Log

The licence costs for the noticeboard which are no longer required have been removed from proposed CIL spend.

The agreed cost of the notice board has been amended as per the new quote received (legs no longer required) and resolution to add a lock and an infill colour.

The projected costs now exclude VAT.

The David Bysouth bench costs will increase as the original installation estimate was too low and both licence costs have increased.

S115 now £60.14

S171 now £399.61

The CIL Receipt & Expiry log now only includes monies spent. The projected costs of agreed items have not been included.
