Details of pedestrian priority junction, 13: Reptile mitigation strategy, &
16: Archaeological field evaluation / investigation (original application
ref 16/502993)**

The Parish Council could only ever accept a pedestrian priority crossover at the junction with Church Street due to the high number of children using the path to walk to and from school and the fact that there is no footpath available on the other side of the road

**19/503378 The Old Farmhouse, The Green, Boughton Monchelsea
Erection of 2 no. pairs of 5 bar timber entrance gates**

No objection / comment

**19/504188 Norrington, Heath Road, Boughton Monchelsea
Erection of a part single storey, part two storey rear extension and two
dormers to front. Works include replacement windows and application
of render to existing walls**

The Parish Council wish to see the application refused and reported to MBC planning committee for decision. Grounds for refusal are as follows :

- The proposed extension is completely out of scale with the footprint of the existing building
- The reconfiguration of the roof at the back of the property is not in keeping with the local vernacular, ie extensive flat roofing
- The proposed materials are not consistent with the local vernacular, ie extensive use of white render
- The proposal would potentially cause overlooking and shading to adjacent properties

5. MBC Local Plan review consultation :
Cllr Munford joined the meeting for this item. Following lengthy discussion it was agreed that Cllrs Munford and Smith would meet to put together a draft response to the consultation, based on members' individual responses and advice from the Parish Council's Neighbourhood Plan consultant. This draft would then need to be agreed by members before submission to MBC. It was agreed that planning committee members would be asked to submit their individual responses to the clerk by Monday 2nd September. Cllrs Humphryes and Martin had already responded. **CLERK**
