b) Wind Farm Updates

1. Orsted Hornse Three (H3)

Orstead held two Public Days in the area, at Cawston and Itteringham on 3rd and 9th February. Alison Shaw attended Cawston and several Oulton residents attended Itteringham, consistently raising the issues of the lack of appropriate construction traffic signage, reversing alarms, lighting etc. On 24th Feb. Paul Killingback and Alison Shaw met with Nicky Paine (Orsted) and James Darwent, (VolkerFitzpatrick) for a wide-ranging and robust discussion of the issues arising so far from the establishment of the Main Construction Compound on Saltcarr Farms Land. Full notes of this meeting are available on the PC's website. Volker say that construction of the cable trench will commence on April 3rd and so this parish must expect an imminent ramping up of the construction traffic.

2. Vattenfall's Vanguard/Boreas

On 6th March it was noted by a councillor that the Central Works Compound at the Hanger site on Heydon Road was suddenly being developed with infrastructure arriving. Vattenfall will be contacted for an explanation as to why, contrary to previous agreements. The Parish Council was not informed of this development in advance.

3. Equinor's SEP/DEP

The Planning Inspectorate's (PINS) 6-month public examination of this project will soon be entering its third month. Residents can inform themselves of its progress on the PINS website:
