Details

This weekend was the usual vile stench from TT spoiling our summer days yet again - as mentioned in the past, presentations to our village from Mr Middlebrook are lies & laughable.

15th July - vile TT stench from early morning to late afternoon & driving past site during day
Outside property / drifting on and off. 12:35pm

17th July - vile disgusting TT stink all day.

See attached email - Very bad smell today.

Complaint about foul smell from above location - see attached.

odour bad this morning, disappointed to hear that BDC have allowed TTN to postpone completion of the enclosure works until April next year.
