

## *The Site*

### **The Existing Play Park**

Set in the heart of the medieval town of Battle, North Trade Playing fields is a very popular destination for the local community. The playing fields offer various activities from 5 a side football, tennis and also dog walking and rambling. Located on this field is a fun children's play park and mediaeval castle.

## Brief

### Understanding your requirements

To provide an all body exercise and strengthening circuit for the local community to use. These exercise stations require as many different body strengthening opportunities as possible to help ensure a fully body workout.

- Make best use of the space available.
- Concept to be fun, challenging and exciting.
- Encourage social interaction between ages and abilities.
- Contain as many pieces of equipment and experiences as possible within the budget.
- Consideration should be given to neighbouring privacy.
- As resistant to vandalism as possible.
- Provide an option for surfacing depending on the budget
- All materials must comply with EN1177

## *Design Statement*

### **Our commitment to you**

We are fully committed to making this stage of the playing fields development a successful, and will do whatever we can to make sure the project goes with out a hitch. A detailed time frame will be provided and regular site meetings will take place during the installation to help ensure the project is successful. On completion a fully detailed handover pack will be supplied, and a maintenance training work shop will take place.

I trust this offer is acceptable to you and look forward to this opportunity to work you on this exciting new project.

Yours Sincerely,

Stuart Evans
