We asked what you to describe what type of place you would like Chelford to be by 2030. Here are some of your ideas.

Chelford is perfect
as it is!

Retaining its
peaceful charm

A thriving VILLAGE
community

More facilities and
recreational areas for
the young and old

Tolerant,
welcoming, safe,
connected, family
friendly

Keep as a village
rather than
becoming a town

Well established
community for people of
all ages
