Application permitted

Ref: 25/504747/FULL Address: Hillcott The Street Doddington Kent ME9 0BY

Proposal: Erection of a part two storey rear extension and part single storey side extension.

Application refused

The proposed rear extension, by virtue of its size, scale, positioning and massing, would represent an overly large and unacceptable addition to the property. The extension would not amount to a subservient addition and would have an overbearing impact on the neighbouring garden, adversely impacting neighbouring amenity, contrary to the aims and objectives of policies CP4, DM11, DM14 and DM16 of the Swale Bearing Fruits Local Plan 2017.

7. POLICE REPORT

PC Gary Morris reported that since December there had been no crimes reported. Hare coursing and poaching are still an issue in the local area, vehicle registration numbers and number of occupants, if safe to note, should be reported to the Police quoting Operation Galileo.

PC Morris reported that he had met the Doddington Speed Watch Team and will come out to support them.

8. PUBLIC QUESTION TIME

The meeting was adjourned for the Public Question Time

SBCllr Thompson reported that he is liaising with the War Memorial volunteers regarding the timber needed for the steps.

Cllr Coates thanked SBCllr Thompson for his support.

The meeting was reconvened.

9. HIGHWAYS

Cllr Coates reported that he, along with representatives from other Councils in Swale and Maidstone, had attended a meeting with Helen Whately MP at which the issues with local road closures was raised. Together with the respective Chairmen of Newnham and Lenham Parish Councils and a representative from Wichling Parish Meeting, he also attended a meeting with Kent County Councillor Sarah Emberson and KCC Highways to express concerns about the number and manner of road closures. Both meetings centred on: the inappropriate use of emergency powers to close roads; road closed signs being left in place after the work had finished; the need for works signs to have "road closed at....." added; badly planned diversions and diversions along inappropriate roads.

Both meetings were very useful and it is hoped that measures will be put in place to improve the situation. One aspect of note was that we were informed that South East Water were studying the feasibility of a major infrastructure upgrade in our local area, but would consult with Parish Councils regarding closures once the plan had been agreed.
