COMMUNITY MOSAICS

Carter 22 is hosting a number of mosaic workshops at Swaffham Heritage for their pyramid sculpture to commemorate the centenary of Howard Carter's discovery of the tomb of Tutankhamun.

Our challenge is to create a pyramid of over 300 triangles as a permanent salute to Howard. We want to install the pyramid on 26th November - the day when Howard first glimpsed the vibrant treasures inside the tomb.

We also plan to put a time capsule inside the pyramid.

Local mosaic artist Carolyn Ash will be facilitating the workshops and you are invited to create your own individual egyptian inspired triangle to be included in this exciting collaborative community project.

Local group bookings are welcome too.

Children over 3 are welcomed in our Friends and family workshops to be held in the Swaffham Museum Learning room.
