

**Residents Survey “Post it” comments 18.11.2017 against Q1 questionnaire outcomes.  
What do like about living in Chelford Parish?**

**I like the size of the village**  
**Danger that the small quaint feel could be ruined by new housing scheme. Goes for “Village Feel”**

**Location very good. Community centre – excellent for older people. Quality of housing excellent. Health Centre excellent. Countryside – easy access. [a very pleasant place to live in]**

**Moved to Chelford as peaceful, quiet, rural feel with good access links/transport. Would like to keep this! + not overdevelop countryside surrounding village.**

**Good location – rural but well connected – railway/bus/motorway/airport.**

**Very disappointing the interest in the community centre.**

**The community centre is the hub of the village for meeting up, friendly cups of tea coffee etc.**

**Check 2 Community Centres. There is only one and one Village hall which is most important**

**Community Centre is used very much in Elmstead Road**

**Community Centre is very good [including the Library]. But many of the things it puts on aren't at times when workers can actually attend them**
