This would be in writing and set out the nature of the misconduct and the change in behaviour required and the right of appeal. The warning would also inform the Subject that a final written warning may be considered if there is no improvement.

A record of the warning will be kept on file for a period of 12 months, after which time it should be disregarded (The Club reserves the right to waive this stage).

### 5.3 Stage 2: Final Written Warning

If the offence is sufficiently serious, or if there is further misconduct during the currency of a prior warning, a final written warning may be given.

This would give details of the complaint, the improvement required and the time scale. It would also warn that failure to improve may lead to expulsion (or some other action short of expulsion) and would refer to the right of appeal. A record of the warning would be kept on file for a period of 12 months (from the issue of the Final Warning) after which time it would be disregarded.

### 5.4 Stage 3: Expulsion or Other Sanction

If there is still further misconduct or failure to improve the final step in the procedure may be expulsion or some other action short of expulsion.

Dismissal decisions can only be taken by the Executive Committee, and the Subject will be provided in writing; the reasons for expulsion; the date on which Membership would terminate; and of the right of appeal.

The Membership Secretary will also be informed of the decision so that they can take any appropriate action.

If a sanction short of expulsion is imposed, the Subject will receive details of the complaint and be warned that expulsion could result if there is no satisfactory improvement. The members of the Appeal Panel should have no direct connection to the subject and must not have been involved in the Disciplinary Process under review. Where this is not possible, the Club may ask an Independent Adviser to conduct/hear any of the meetings as appropriate. The Appeal Panel may have an Independent Observer/Adviser at the hearing as witness/note taker.
5. At the appeal hearing:
  - The Member would be given an opportunity to state their case before the Appeals Committee makes any decision.
  - The Members companion may speak on their behalf but may not answer questions which are put directly to the Member.
  - The Chair of the Appeals Committee may adjourn the hearing at any point to consider the decision, to conduct further investigations or as may otherwise be reasonably necessary.
6. The final decision may not be communicated on the day of the appeal hearing. This would allow for the Appeal Panel to consider the outcome and if appropriate follow up with additional enquiries.
7. The outcome of the appeal, including the recommendation of the Appeal Panel, will be communicated to the Executive Committee who will be expected to ratify the recommendation. This will form the final decision.
8. The final decision would be communicated to the Member in writing as soon as reasonably practicable.
9. The outcome of the appeal would be final, and no further appeal may be made.
10. A record of the Appeal will be appended to the record of the related Disciplinary Action both will be kept on file for a period of 12 months from the date of the appeal after which time it should be disregarded.
