PRESENT. Cllr A Williams (Chairman)

Cllrs, G Barlow, R Ford, C Latham, P Major, T Wrench and P Robinson.

IN ATTENDANCE. Mr T Dunlop (Clerk) Cllr Stan Davies and Mr B Parks.

APOLOGIES. None.

Opening the meeting Chairman Cllr A Williams welcomed everyone.

2. MINUTES.

3. RESOLVED

That the minutes of the meeting held on May 16th 2017 are approved as a true record and they be signed by the chairman.

4. ARISING.

The clerk informed the council that he had placed the minutes of the last meeting on the web site.

The clerk informed the council of the results of the items raised under A.O.B.at the last meeting.

The clerk informed the council that he had contacted Cheshire East Highways with regards to; the changes to the junction at A534 to the A49.The clerk provided the meeting with the e-mailed response from the Highways Department.

As you have pointed out, the junction had a poor record for injury collisions, which were attributed in many cases to vehicles turning left from the A49 onto the A534 at too high a speed. The wall at the adjacent property was damaged on more than one occasion and there were ongoing maintenance issues with the bollards on the splitter island being regularly demolished. The new arrangement has the effect of reducing speeds and its effectiveness on reducing injury collisions will be monitored.

The item regarding the trees that needed attention, I believe is been handled by the ANSA company. With regards to the vacancy on the council, I have received a letter from the electoral services informing the council that they can co-opt a new councillor. There are two residents who have declared an interest, it was agreed that they be approached before the next meeting of the council. The purchase of a S.I.D. unit for the village the clerk presented the council with two quotes the one from the last meeting and a second from TWM, a locally based company.

With regards to, Planning application No. 17/2415N Long Fields Farm Long Lane Brindley there were no plans to look at.

The clerk informed the council that he had contacted the planning department with regards to this application. The clerk provided the council with the e-mailed response from the department.

I have checked our computer system and cannot find any "new" planning applications for Long Fields Brindley. I am sorry I cannot be of any further help. Following this I made several attempts by e-mail to find out about this application, but got no replies.

Councillor Ford raised the issue of the planning department referring to applications being Burland, not Brindley.I have checked and this council has not seen applications 17/1350N and 17/2415N.I am not happy with this, as I believe there is an application for an agricultural building to become housing is, either pending or submitted.

I do not oppose the plans I see before me but we should have been consulted. We need to raise the issue of future applications, and seek an assurance that we see all planning applications.

The councillors all agreed with his comments.

5. Declaration of Interest.

There was none.

6. CHAIRMANS REPORT.

First of all would like to sort out this request from, United Utilities for wayleave across the common. He asked Councillor Robinson to update the council as he had been contacted about it. Councillor Robinson gave a short explanation and produced a drawing of the work involved. After a short discussion it was agreed that, the clerk should contact the people concerned and let them know the council as custodians of the common would agree to them having wayleave across the common. Having met with the representative from TWM, I would like to ask those of you who were at the site meeting. What their thoughts are, after a discussion it was agreed that the clerk order the following equipment. One speed sign display showing the SLOW DOWN with safety message not the (sad/Smiley) a battery charger and two sets of TWM easy mount clips. Also one optional upgrades the Traffic Data Collection system.

I feel we should press on with ordering the items and I would like the clerk to contact the highways department, to ask if we can mount the sign on the posts suggested by the TWM representative. Finally I have received a letter signed d by two residents with regards to the keeping the bus service number 56. This is with regard to cuts proposed by Cheshire East to local bus services. After a short discussion, it was agreed the council would support the residents. I would like the clerk to write to the council outlining our reasons, and let the residents know of our decision.
