

At the last TWG meeting we agreed it would be useful for the parish to purchase a couple of SLOW signs and a couple of traffic cones.

This was in relation to putting up the SID, but we also know they would be used throughout the year for events (such as the Christmas tree lights, or the Coronation event) but also for the Village Spring Clean etc etc.

I have done some research, so please see the options below:

**SLOW signs:**

reflective metal signs with a frame (600x450mm) would be £50.03 each through this supplier <https://www.uksafetystore.com>

aluminium road signs with a frame (600x450mm) would be £38.58 each through this supplier <https://www.road-signs.uk.com>

**TRAFFIC CONES:**

5 pack of traffic cones (750mm high) would be £37.50 through <https://www.road-signs.uk.com>

1 traffic cone (750mm high) would be £6.49 through <https://streetsolutionsuk.co.uk/>

If we bought two signs and two cones – the cost would be in the region of £90 excluding delivery.
